

NEW ICEBREAKER FERRY LAUNCHED TODAY—The State Highway Department's new icebreaker ferry, Vacationland, has been completed at the Great Lakes Engineering Works in River Rouge. The 360 foot Diesel-powered

vessel was launched today. The double-ended ship will be added to the present fleet of ferries at the Straits of Mackinac. It will be the largest ferry boat in the State's service. Cost of the vessel is \$4,314,000. (AP Photo)

U. S. Commerce Secretary Cited For Court Contempt

Williams Finds Out He Can't Depend On CIO

Political Weakness Shown In Election

By JACK I. GREEN

LANSING — (AP)—The spring election last Monday demonstrated Governor Williams' error in staking his all on one horse.

That horse is the CIO. It was regarded by the Williams' administration as a much more streamlined nag than the old Democratic donkey—and far, far more ready than the old G.O.P. elephant.

But in Monday's race, the CIO not only didn't finish, it didn't even start and some fans wondered if it knew there had been a race scheduled. Meanwhile, the old elephant plodded around the track to an easy victory.

Prestige Lost

The CIO didn't produce for Williams, the Democratic regulars sat on their hands and watched to see how the new horse ran, the Democratic party lost the election and a lot of prestige—and more important for Williams, his legislative program may have been wrecked, too.

Once again the CIO has demonstrated its political weakness—its tendency to vote only when it has a personal issue or grudge. Once again it has demonstrated its unreliability as a foundation.

Fleeing Reds Leave Booby Traps; Allies Advance In Korea

By OLEN CLEMENTS

TOKYO — (AP)—Allied troops pushed warily through minefields and booby traps today in pursuit of Reds retreating deeper into North Korea.

The United Nations advance was over central and western battle fronts pock marked with sudden death—minefields, booby-trapped mortar shells and concealed pits designed to catch tanks.

The Reds sent 40 Russian-made MIG jets flying over northwest Korea near the Manchurian border. They were jumped by 50 U. S. F-84 Thunderjets in a wild dog-fight above Sinuiju.

Hills Cleared Out

American pilots claimed two Red jets were damaged—one of them probably destroyed. All the Thunderjets returned safely to their bases.

U. N. ground forces were all north of parallel 38 except at one point in the center. Their main problem was consolidating the gains won with no opposition other than the traps.

Almost all across the front the hills had been cleared of Red Chinese and North Koreans.

The only hard fighting was in the area immediately north of Yongong and up the Hanggye-Inje road east of Chunchon. Stubborn Reds were dug in both places.

Before suddenly pulling back to the high ground north of the Han-tan river the Communists sowed trails and roads with mines. Their fade back was in the face of heavy

Plane Rams Into Mt. Clemens Civic Center; 8 Escape

MT. CLEMENS, Mich. — (AP)—Eight crewmen in an air force SA16 amphibious plane "miraculously" escaped serious injury yesterday when the plane rammed into the Civic Center building here.

By a series of coincidences no civilians were injured.

The 5th Air Rescue squadron plane was coming in for a landing at Selfridge field two miles away when one of its two engines conked out over the city.

The plane bounced off the building and crashed on top of a rubbish fire in an adjoining lot. The impact blotted out the fire just before gasoline poured out of the smashed fuel tanks.

Seven crewmen got out of the wrecked plane almost immediately. But it took 90 minutes of cutting by crash crews to remove the pilot, Capt. Edwin L. Leonard, Spokane, Wash.

The plane destroyed the library and meeting room of the Civic Center. Shortly before, a children's meeting in the room, and then a civilian defense group session, had been shifted.

Edward Ledtke, 60, janitor who was tending the rubbish fire, had left it a few moments before the plane hit.

Wreckage of the plane was flung across a school children's playground adjacent to the lot. The plane fell to earth a few minutes before school let out.

Battle Waged For Control Of Steamship Line

Dollars Put Cabinet Officer On Spot

By KARL R. BAUMAN

WASHINGTON — (AP)—Secretary Sawyer has drawn a contempt of court citation for his part in the long, bitter fight over control of the \$68,000,000 American President Steamship Line.

The citation was made yesterday by the U. S. court of appeals. It said Sawyer had failed to carry out the court's order to return the shipping line to its former owner, the Dollar company.

The government contends it owns the line's stock because of loans granted the Dollar interests. The Dollars have disputed this during years of litigation.

First On Record

Government lawyers were unable to recall any previous contempt citations against a cabinet officer in connection with his official duties.

The commerce secretary and nine other persons cited with him were given until Thursday to "show cause" why they should not be found in contempt of court. There was no comment from any of those cited.

Ninety-two per cent of the shipping stock has been held by the government, which contends Dollar gave it up in return for loans and subsidies. The Dollar people have said this isn't so, that the stock was merely held as collateral.

Started In 1938

The court recently ordered the stock returned, but the Dollars said this wasn't done. The contempt citations followed.

Among those cited were Deputy Attorney General Peyton Ford, Solicitor General Philip B. Perlman, Undersecretary of Commerce Philip B. Fleming; George L. Killian, president of American President Lines and former treasurer of the Democratic national committee, and four government lawyers.

Judge Clark had told one of the lawyers, Edward H. Hickey:

"The history of the complicated case goes back to 1938 when the

Dope Peddler Racket C. cked In Baltimore With Arrest Of 15

BALTIMORE — (AP)—Fifteen persons, arrested on dope peddling charges of narcotics agents of the Federal government and the Baltimore police department, were being held today for grand jury action.

Their bail ranged from \$3,000 to \$7,000.

At their preliminary hearing yesterday before magistrate Thomas L. Fitzpatrick, it was disclosed that two undercover federal agents had been working for eight months to crack the narcotics racket here.

Officials said warrants are out for 30 other persons accused of violating narcotics laws.

College Deferments Get Draft Boards And Educators In Dilemma

(By The Associated Press)

The newly-announced draft deferment plan for college students apparently has posed a dilemma for Michigan educators and draft boards.

Points of view vary widely among critics and supporters. On one hand, they see the need of the nation for specially-trained men. On the other, they deplore any seeming favoritism in the draft law.

The plan, which runs from wholehearted support — by some educators—to grudging acceptance—by others—to out and out pro-

tests by some draft board members and lawmakers.

Science Fields Favored

Deferments would be given college students who can pass a special examination to be given in May and June.

In theory, the plan could result in the deferment of as many as 50 per cent of the students now in college. In practice, it might apply only to students in selected scientific fields.

Deferments remain to be worked out.

The strongest protest came this week from Kent county draft board No. 43. The board termed the plan an "insult" if it were to be "discriminatory and contradictory to American standards."

Robert S. Tubbs, a member of another Kent board, No. 42, resigned, declaring that other draft boards should quit "if we are going to be reduced to a mere rubber stamp for an expensive psychological testing organization."

The order, issued last week by President Truman, also was attacked in Washington by Michigan congressmen.

'Sound And Sensible' too, adopted a resolution expressing disapproval of the plan, saying

Speakers Scrap In Philadelphia

Polish U. N. Delegate Stirs Up Melee

PHILADELPHIA — (AP)—Remarks about the use of American troops in Korea brought about a brief skirmish between the Polish delegate to the United Nations and a former U. S. state department official.

Three hundred persons in evening dress watched the melee last night.

Dr. Juliusz Katz-Suchy, permanent representative of Poland to the U. N., and Dr. Adolf A. Berle, jr. former assistant secretary of state, were the two involved.

Both were speakers at the 55th annual meeting of the American Academy of political and social science.

The scuffle came as Berle approached the microphone after Dr. Katz-Suchy ended a speech which had been booed and brought him heckling.

No blows were struck and the melee ended quickly when C. A. Kulp, vice president of the academy and chairman of the meeting stepped between the two speakers.

Dr. Katz-Suchy was putting on his hat and coat to leave when Berle accused him of having insulted American soldiers in Korea. The Polish visitor leaped to the stage, pushed Berle from the microphone and shouted into it:

"American soldiers are killing women and children in Korea!"

Berle tried to pull the doctor away. The visitor pushed back and the tussle was over as soon as Kulp stepped in. Red-faced, Dr. Katz-Suchy stamped angrily from the platform and Berle gave his talk.

Two Miners Trapped At Eveleth, Minn.

EVELETH, Minn. — (AP)—Two crews of 20 men each worked throughout the night to reach two iron ore miners trapped by a cave-in at the Spruce underground mine Friday.

It was not known whether Frank Putzel, 53, and Anton Korcha, 53, both of Eveleth, were still alive. They were imprisoned at the 564 foot level. They had been working in a tunnel eight feet high and eight feet wide when the cave-in occurred.

Utah Bishop Wins Stalin 'Peace' Prize But Won't Take It

By THOMAS P. WHITNEY

MOSCOW — (AP)—The Rev. Arthur F. Moulton, 77, retired Episcopal bishop of Utah, was listed today as the winner of a Stalin peace prize along with such world figures as French Communist Scientist Frederic Joliot-Curie.

Also on the list of winners were Mme. Sun Yat-Sen, widow of the founder of the Chinese republic and a vice chairman of the Chi-

nese Communist government in Peking, and Britain's Hewlett Johnson, the "Red dean" of Canterbury Cathedral.

The awards were created Dec. 20, 1949, on the eve of Prime Minister Stalin's 70th birthday by a decree of the presidium of the supreme Soviet, the Russian parliament.

(They have been regarded in the west as part of Russia's propaganda drive to depict the Soviet Union as the champion of peace. Westerners had expected the announcement of the 1950 winners to be made on Stalin's birthday last December and have been puzzled at the delay.)

In addition to a cash award of 100,000 rubles, each recipient is to be given a gold medal bearing Stalin's image and a certificate.

Bishop Moulton's name appeared fifth on the list.

(In Salt Lake City, he said the award took him "completely by surprise." He denied any Communist leanings and said he could not accept any money from "right or left" for working for peace.

"The only reward I want in working for peace is peace," Bishop Moulton added.

(The retired churchman said "all the efforts of the peace movement seem to come from across the sea. I want some to come from this country. x x x I want to see America lead in it, and I believe she will.")

Lansing Man Slain In Mystery Shooting

LANSING, Mich. — (AP)—Mystery today surrounded the fatal shooting of Laverne Roese, 32, an Oldsmobile factory worker.

He was found lying at the curb outside a bowling alley here last night. At first it was thought he had been struck by a car. He was taken to St. Lawrence hospital where examination showed he had been shot in the abdomen at close range. No gun was found.

Roese had parked his car near the bowling alley.

Blossom Queen Picked

WASHINGTON — (AP)—Miss Maldie Tarris, 25, of Rock Springs, Wyo., was selected last night — by the spin of a wheel—as queen of the annual cherry blossom festival here. She is secretary to Dale E. Doty, assistant secretary of the interior.

Convicted Spies Await Penalties

Man Who Talked Gets Only 15 Years

NEW YORK — (AP)—Four convicted atom spies for Russia were held in various prisons here today pending a Washington decision on where they will pay their penalties.

David Greenglass, the spy who talked, drew the mildest term. He was sentenced yesterday to 15 years.

This compared with sentences of death the previous day for Mr. and Mrs. Julius Rosenberg and 30 years for Morton Sobell.

Federal Judge Irving R. Kaufman described the spying activity of Greenglass as loathsome but said the aid he gave in convicting the others must be recognized with a lighter sentence.

The Rosenbergs are expected to be sent to Sing Sing prison in Ossining, N. Y., for execution in the electric chair.

Greenglass and Sobell are slated to serve their terms in a federal prison, as yet unidentified.

Houston Fire Menaces

HOUSTON — (AP)—A spectacular oil refinery tank fire threatened the Houston ship channel industrial area for nearly two hours last night before it was smothered. An explosion of undetermined origin started the blaze. No one was injured.

COLLEGE DEFERMENTS OPPOSED—Kent County Draft Board No. 43 in Grand Rapids, held a secret meeting to discuss the proposed deferment of college students. Members of the board which vigorously opposed the deferment plan are (left to right): Robert J. Yonkman; Lewis M. DeKorne; Chairman Henry S. Kaminski; and Miss Marquette VanDyke. (NEA Telephoto)

Loyalty Oaths Rules Invalid

California Educators Get Jobs Back

SACRAMENTO, Calif. — (AP)—The state appellate court has ruled the University of California loyalty oath invalid and ordered their jobs restored to 13 professors who had refused to sign it.

In a unanimous opinion, the third district court of appeals ruled yesterday that the only legal oath of public office in California is a pledge to support the federal and state constitutions.

This pledge is required by the state constitution.

"No one could be subjected as a condition to holding office to any test of political or religious beliefs other than this pledge," said the opinion written by Associate Justice Paul Peek.

Justices Onnette Adams and B. F. Van Dyke concurred.

The court called the oath requirement, instituted 14 months ago, "an abuse of discretion by the agents," and warned of threats to academic freedom.

The 13 professors who brought suit had refused to sign contracts with a clause reading: "I am not a member of the Communist party."

Nets Being Set In Open Water

Escanaba Fishermen Starting Season

The open water fishing season is now starting, with four commercial fishermen out with their boats to set nets for whitefish. More boats are expected to work their way out of the ice-choked channel of the Escanaba yacht basin by Sunday.

First of the local commercial fishing fleet to start operations are boats owned by O. M. Johnson, William Tornovich, Harold Olson and Emil Perow. All of the boats are setting nets for whitefish, with the first lifts scheduled this weekend.

No walleyes are now being taken. The season closed April 1 and will not reopen until May 21.

Smelt Take High

All ice fishing has halted with the breakup on the bay, with fishermen reporting the best January and February smelt haul in 10 years.

The conservation department reported that Lake Michigan primarily Green Bay waters, accounted for the catch of 835,000 pounds of smelt.

The conservation department's winter fish patrol, including seven officers and four jeeps on Little and Big Bay, has ended. The men will return here later on state fish patrol boats.

U. P. Legion Will Meet In Ironwood On June 22 To 24

Parades, dinners, drum and bugle corps contests, a music festival and business sessions will highlight the annual convention of the Upper Peninsula American Legion posts to be held June 22-24 in Ironwood.

Plans for the event are being completed by the Ironwood post, headed by Sigurd Jones. The unit has been holding meetings twice each month since November, organizing and arranging details for the convention.

The Legion and each of its companion units, the 40 of it and auxiliary, will play equally important roles in the three-day affair, which is expected to attract hundreds of delegates and visitors from the more than 60 posts in the U. P.

A number of luminaries, both state and national, have been invited to attend. Arrangements also are being made for prominent speakers to headline the dinner programs.

All requests for housing may be handled through the housing chairman, Otto N. Larson. Correspondence concerning the convention should be addressed to the Ironwood American Legion Convention Corporation, Box 701, Ironwood, Mich.

Texas Not Anxious To See Mickey Cohen If He Stays Away

AUSTIN, Tex. — (AP) — Gambler Mickey Cohen can apparently forget about Texas if he doesn't come back to Texas.

At least that's the way things look after the chairman of the Texas crime committee announced his group didn't want extradition of Cohen at this time.

The Los Angeles gambler was indicted for contempt by a Travis county, Tex., grand jury Tuesday for failure to show up at a committee hearing.

Sheriff Ernest Best, to whom the arrest warrant was issued, said he expected to go ahead and serve it.

But Rep. Fred Meridith announced that the committee was perfectly willing to "accept Cohen's statement that he will confine his activities and living to the other 47 states."

KIWANIS SPEAKER — Claude O. Ebling, Minneapolis, Soo Line agricultural agent, will address the Escanaba Kiwanis club at the House of Ludington Monday noon. A former editor of the Stock and Dairy Farmer, he is a graduate of North Dakota State college at Fargo. Ebling also served 14 years as county agent at Ladysmith, Wis. A member of the Houdini Club of Wisconsin and the International Brotherhood of Magicians, he has given more than 1600 agriculture magic talks throughout the Northwest. Each trick brings out an illustration in agriculture or rural problems.

Search For Dead Deer Scheduled

Will Be Made Last 3 Weeks Of April

The postponed special conservation department search for winter kill deer has been rescheduled for about three weeks through April 30.

"Search has been delayed," advises I. H. Bartlett, department deer specialist, "because of too much snow and the fact that deer still are dying. We would like to make the loss estimate as near accurate as possible."

35,000 to 50,000 Die

Preliminary estimate of winter starvation loss is 35,000-50,000 whitetails.

Five or more four-man crews will scour border areas of winter yards and other likely starvation areas in Montmorency, Isosco, Kalkaska, Roscommon, Crawford, Ogemaw and Oscoda counties. With the aid of a special count in this most browsed-out section of the state, game men can calculate total state herd loss.

Department personnel from other parts of the state and wildlife students from the University of Michigan and Michigan State College will help area game managers and conservation officers in making the search.

A recent deer yard inspection trip by 70 members of the Detroit Sportsmen's Congress and Wayne, Oakland, Genesee, Ingham and East Presque Isle county sportsmen's clubs produced 23 deer in three hours of checking. The department-conducted trip was made in browsed-out deer yards and adjacent jack pine areas east of Mio along the south side of the Au Sable river. Bartlett notes most of the deer were fawns born last summer but a few were 10-15 year old does with worn out teeth.

Conservation department field men report deer herds are tightly yarded in northern portions of the Upper Peninsula. Conditions still are critical in the Crystal Falls and parts of other Upper Peninsula districts.

Rev. Bell Attends Recreation Meeting

Rev. James Bell, pastor of the Presbyterian church, will attend a recreation laboratory next week at Druce Lake camp, Lake Villa, Illinois.

The meeting is for Presbyterian ministers of Illinois, Indiana, Wisconsin and Michigan and will be in session Monday through Friday. Rev. Bell will teach square dancing.

Death Claims Stanley Steede

Dies Of Pneumonia In Isolated Camp

MUNISING, Mich. — Trudging 11 miles through the snow from an isolated camp west of Forest Lake, Mrs. Stanley Steede Thursday noon reached Au Train to reveal the death of her husband early that morning.

Mr. Steede, 34, caretaker at the camp where he and his wife were spending the winter, contracted pneumonia after falling into the water a week ago while cutting ice. Marooned at the camp, Mrs. Steede cared for her husband until his death and then set out on foot for Au Train. Becoming lost, she climbed a fire tower to get her bearings, and came out at Au Train Thursday noon.

Munising road crews, accompanied by a coroner, Thursday afternoon made an unsuccessful effort to reach the camp. The road was opened for a distance of seven miles.

Yesterday the trip was completed by the men on snowshoes and Steede's body was brought out on a toboggan. First taken to Munising, the body is now at the Skradski funeral home in Gladstone.

Surviving besides the widow are Steede's father, Victor, of Marinette, and the following brothers and sisters: Earl of Escanaba, Frank of Escanaba Rt. 1, Mrs. Evelyn Manning of Chicago, Alvin of Gladstone, Cecil who resides in Illinois, Jay of Escanaba, Mrs. Carl Johnson of Lombard, Ill., and Bernard, Chicago.

The body was taken to the Skradski funeral home, Gladstone, where friends may call beginning Sunday morning. The rosary will be recited at 8 Sunday evening. Funeral services will be held Monday morning at 9 at St. Thomas the Apostle church in Escanaba. Burial will be in Birch Creek cemetery.

Giant Grouse Seen Near Iron River

IRON RIVER, Mich.—T. T. George of Iron River spotted a strange bird on highway M-69 about 3:30 p. m. Sunday afternoon.

As George approached the curve at the west end of the long Mansfield straight-of-way on the highway between Crystal Falls and Sagola, he saw the large bird with a white crest on head and shoulders flying across the road, propelled by powerful wings that probably measured six or seven feet across.

The bird alighted in a tree about 100 yards away, and George stopped his car and alighted for a better look. It resembled a large turkey, and was definitely not a crane, eagle or hawk. Its feathers were a mottled brown. Ivan Thomson, Crystal Falls district game manager for the state conservation department, guesses that the observant George probably was viewing a capercaillie, largest member of the grouse family. A north European bird which ranges all the way to Siberia, the capercaillie was transplanted on the Apostle Islands of Chequamegon Bay north of Ashland last year by the Wisconsin state conservation department.

Mr. and Mrs. Clyde Hoar spotted a capercaillie north of Gibbs City last fall. It would appear that the Badger import had begun to range into Wolverine game bird confines.

The United States had only 53 serviceable planes when it entered World War I in 1917, according to the Encyclopedia Britannica.

Massed Concert By U. P. Schools Here This Evening

The public is invited to the massed concert by 14 Upper Peninsula high school musicians at the William W. Oliver auditorium at 8 tonight.

The first part of the concert will be presented by an orchestra of 130 players and the last part of the concert will be presented by a choir of 233 voices. Music directors from the different schools will take their turns as conductors for the various numbers.

Tickets for the concert may be purchased from any Escanaba high school orchestra or chorus member and will be available at the door.

Powers Homemakers Go To Conference

POWERS, Mich.—Mrs. Marie L. Eisenzoph accompanied 20 members of the Future Homemakers of America at the Powers-Spaulding high school to the annual guest day to be held at the Northern Michigan College of Education today. Over 600 girls representing 25 schools in the Upper Peninsula are in attendance.

Miss Anna Kulja, a senior at the college and president of Northern's Home Economics club conducted the meeting and welcomed the visiting high school students. Janice DuBois and Martha Page of Powers high school took part in a symposium on planning a home nursing and first aid unit that meets the community and present day emergency needs.

Rosemary Bellefeuil, Barbara Schoen, Dorothy Cory, Shirley O'Neil, Mary DallaCosta, Mary Lou Poquette and Susan Monpas took part in the ceremony by receiving one of the degrees and taking part in the club meeting.

Hilarity Features Lions Ladies Night

A program of hilarity, featuring Nur-Al-Din, Oriental mystic, will be presented Monday night at the Escanaba Lions club ladies night party at the Sherman Hotel.

The program is built around a series of eight fun-making events. Nur-Al-Din is a turbaned "prince" who amazes everyone with his mystic powers. Club members will learn a lot about themselves that they never knew before as the Oriental seer penetrates the human mind.

Every minute of the program is planned for a night of hilarity.

Contrary to common opinion, night air is not harmful.

Fire Fighters Will Confer

State And Federal Men Meet Monday

Officials of the Forest Service and Michigan Conservation department will meet at the conservation department headquarters in Escanaba Monday morning to make plans for the forest fire season.

A survey of manpower and equipment resources of both departments will be made.

John Chriske, district supervisor of the Michigan Conservation department, today issued the following statistics on forest fires in District 3, comprising, Marquette, Delta and the western half of Alger county.

Statistics for the past two years are as follows:

	1949	1950
Number of fires	96	59
Total Acres Burned	574	131
Damage	\$5399	\$962
Fires by type:		
Lightning	2	2
Railroad	4	7
Campfire	4	3
Smokers	30	18
Brush Burning	23	11
Incendary	5	1
Lumbering	1	2
Miscellaneous	25	14
Unknown	2	1

The record for both these years compares quite favorably with 1948 when 124 fires burned 1859 acres.

Briefly Told

Cancer Box Rifled—A receptacle for donations for the Cancer Fund was rifled at Tim's & Sally's restaurant and the contents stolen. The Cancer Control board has reported.

Ceiling Prices—The Escanaba Chamber of Commerce today mailed copies of ceiling price regulations Nos. 15 and 16 to large and small grocery stores.

Target Practice—The Escanaba Rifle and Pistol club will hold target practice at 6:45 Monday evening at the Kiwanis recreation center in North Escanaba. All adults interested in 22 target shooting are invited to attend.

Holy Name Breakfast—The Holy Name society of St. Joseph will be host to the members of the Holy Name society of St. Thomas' church Sunday morning at a communion breakfast at St. Joseph school following the 7:30 o'clock mass.

THIS YEAR'S BOY—Richard Valzonis, 14, of Chicago, beams with pride at the trophy he won when the Boys' Clubs of America named him "Boy of the Year" in recognition of his service to "club, school and community." He was presented the trophy at the New York Boys' Club.

Charles Wickman And David Zerbel Named For NROTC

David Zerbel, son of Mr. and Mrs. Clarence Zerbel, 920 South 13th street, and Charles Wickman, son of Mr. and Mrs. Carl Wickman, 900 Lake Shore, have received appointments as midshipmen in the Navy Reserve Officers Training Corps.

Harris Is Charged As Hit-Run Driver

Joseph Harris, 36, of Wilson, yesterday demanded examination when arraigned in Menominee on a charge of hitting and causing a fatality and running and is held in jail there in default of \$1,500 bond.

Harris is charged in connection with the death of Kay Langley, 14, of Spalding, who was fatally injured when struck by a car while walking on the roadside last Sunday evening. Her sister, Gail, 16, sustained a leg fracture and today was reported in "fairly good" condition at St. Francis hospital in Escanaba.

Justice J. A. Bottkol of Menominee scheduled preliminary examination for Harris at 10

Danforth

Sewing Club
DANFORTH—Mrs. Wallace Irving was hostess to the sewing club at a 1 o'clock luncheon on Thursday afternoon. Canasta was played. Attending the luncheon were Mrs. Arthur Monson, Mrs. Norman Anderson and son Paul, Mrs. Marvin Ford, Mrs. George Larson, Mrs. Charles Cota, Mrs. Felix Johnson, Mrs. George Chailier and daughter Lynn.

Child Study Club
The Child Study Club of the Danforth community will meet on Monday night, April 9 at the home of Mrs. Norman Anderson. Miss Anita Kotila will show two educational films.

Each person is asked to bring a question. These are to be in duplicate, they will be exchanged and discussed at the May meeting.

Mrs. Chailier and Mrs. Arthur Anderson will be hostesses. All mothers in the community are invited and urged to attend.

ART GOULAIS

about this question

My wife, two children, and myself were all severely injured in an auto accident. The other driver was at fault, but has no auto insurance. Could I have carried a special coverage which would have paid all our medical expenses in this accident?

For the answer to this question consult Art Goulais, 114 South Tenth Street, Escanaba, Phone 167

Ore Movement Speeded Here

18 Boats Scheduled Within Week

Movement of iron ore from Escanaba, only ore port now open on the Great Lakes, is gradually speeding up as loading gets into full swing at the two Chicago and North Western docks.

Ore is coming in by rail from the mines at the rate of about 30,000 tons (500 cars) per day, said Lee A. McMillan, dock agent.

Two boats, the Selwood and Conway, have been loaded out; the A. E. Heakin and Joseph Morrow will clear this afternoon with cargoes; and loading is expected to go faster as operations continue.

Need 90,000,000 Tons

Eight ore boats today are waiting here for cargoes, five more are due to arrive today, and 14 are scheduled here within the next six days, McMillan reported.

Ore ports on Lake Superior are expected to start loading within the coming week as carriers start northward, it is reported at Cleveland. The nation's steel mills are calling for 90 million tons of ore this year.

Even with a start a half month earlier than last year, moving the 90 million tons the Defense Transportation office says is needed will keep 265 vessels in the ore fleets operating at brisk pace.

Marquette Opening

Last season only 73,205 tons were brought downlake ports, and stockpiles at furnaces are lower than a year ago.

Fifteen of the carriers left last night and today from Lake Erie ports and were due to enter Marquette, Mich. and Two Harbors, Minn. Sunday.

Another 15 vessels will leave tonight. On Monday the Lake Carriers association ice committee will decide whether the remainder of the fleet can embark.

The icebreaker Mackinaw, reported the first contingent of carriers should have little difficulty navigating the St. Mary's River from Lake Huron into Lake Superior.

Loading At Mesabi

The Mackinaw, perennial Coast Guard pioneer through Great Lakes ice, entered Whitefish Bay late yesterday and was finding the going tough on the way to Michipicoten, on the Canadian side of the international boundary, through Lake Superior.

Today the Mackinaw was to reach Marquette, and by tomorrow break the way for the carriers into Two Harbors, near the west tip of Lake Superior. Today's passage to Marquette was expected to be a fairly easy one, the Mackinaw officers said.

In Duluth and Superior preparations were underway to load the first vessels. The Duluth, Mesabi and Iron Range railroad yesterday began loading ore from the ranges. Ore from mines will be dispatched to Superior docks by the Great Northern, Northern Pacific and Soo railroads when the Mackinaw arrives.

Upper Peninsula Medical Society To Meet In June

Marquette will be the site of the 1951 annual meeting of the Upper Peninsula Medical Society, it was announced by Dr. N. J. McCann, Marquette, president of the organization.

Doctors from all 15 counties in the Peninsula comprise the membership of the society. The convention is scheduled for June 22 and 23.

Last year's meeting was held in Houghton, and about 175 to 200 persons, including the members of the ladies auxiliary, usually attend the sessions, Dr. McCann said.

One of the principal speakers at the meeting will be Dr. M. Edward Davis, DeLee professor of obstetrics and gynecology at the University of Chicago and chief of staff of Chicago's well-known Lying-In Hospital.

Dr. McCann said the Marquette county unit of the American Cancer Society is furnishing funds to pay for the appearance of Dr. Davis here.

The Chicago specialist will address the convention delegates on the recent developments in the diagnosis and in the treatment of cancer of the female reproductive organs.

The Marquette-Alger County Medical Society will be the host organization for the event.

Green Bay Opens New Bus Terminal

Norman Hansen of Escanaba, division superintendent of the Greyhound Lines, has been active the past several days in making preparations for the opening of the modern Greyhound terminal in Green Bay, Wis.

The station is located at the corner of Adams and Cedar.

Hansen started with Greyhound as a driver in 1934, was made dispatcher in 1943, and has been superintendent of the division, with headquarters at Escanaba, since 1944.

BLOOMING BEAUTY—Jeannine Holland, of Houston, Tex., 1951's Maid of Cotton, takes time out from her busy schedule to get a close-up look at the famous Washington cherry blossoms, which are almost in full bloom. In background is the Jefferson Memorial.

Obituary

MRS. ALBERT J. RUBERG

Services for Mrs. Albert J. Ruberg were conducted by Rev. Gustav Lund of Bethany church at 2 this afternoon at the Anderson funeral home chapel. Burial was in Lakeview cemetery.

During the service C. Arthur Anderson sang a Swedish hymn, "Du Ar Min Borg" and Miss Ruth Ahlquist sang "Abide With Me." Don Aronson was accompanist.

Pallbearers were four nephews, Herbert Olson, Arnold Anderson, Vernon Anderson and Wilbert Olson.

Those attending the funeral included Mrs. Myrtle Richardson and Kendall Richardson of Oak Park, Ill.; Mrs. Louise Olson of Iron Mountain; Mrs. Fred Semaray, Chicago; Mr. and Mrs. Andrew Anderson, Mr. and Mrs. Arnold Anderson, Miss Hazel Anderson, August Olson, Violet and Mrs. Goldie Olson and Vernon Anderson and Wilbert Olson, Marinette and Herbert Olson, Iron Mountain.

THEODORE J. SCHMIT

Graveside services for Theodore J. Schmit of Chicago, former resident of the Chemical Plant location, were held at 10:45 this morning at West Ford River cemetery with Father Casimir R. Mark officiating.

Pallbearers were Leonard Cholger, George Kostitzke, Emil Dittrich, Joe Wiltz, George McMillie and Emil Vandeville.

Attending the rites were Mr. and Mrs. Ed Motyko, Mrs. Ted Schmit, Mr. and Mrs. William G. Mather, Ted Schmit, Jr., Edna Dittich and Ralph Cramer of Chicago and Gaylord Schmit of Washington, D. C.

MRS. LOUIS LEVIELE

Services for Mrs. Louis Levielev, early day Schaffer resident, will be held at 9 Monday morning at Sacred Heart church, Schaffer, Father Joseph H. Beauchene officiating. Burial will be in Sacred Heart cemetery. The body is at the Boyle funeral home in Bark River where friends may call beginning at 4 p. m. today. St. Ann's Sodality members will meet at the funeral home to recite the rosary at 3 Sunday afternoon and the general recitation will be at 8 Sunday evening.

THERESA MARIE PEPIN

Services for Theresa Marie Pepin, 9, daughter of Mr. and Mrs. Harry Pepin of Ford River will be held at 10:45 Monday at Sacred Heart church, Schaffer, with Father Joseph H. Beauchene officiating. Burial will be in Schaffer cemetery. The body is at the Degan funeral home where friends may call beginning at 7 this evening.

KAY LANGLEY

Largely attended funeral services for Kay Langley, daughter of Mr. and Mrs. Raymond W. Langley of Spalding who was fatally injured when she was struck by a hit and run driver, were held at St. Francis Xavier church, Spalding Friday. Father Bernard Karol officiated at the requiem high mass. Burial was in Spalding cemetery.

The church choir sang the funeral mass. "Pie Jesu" was sung at the offertory and "O Paradisum" at the close of the service. Mrs. Peter Kass was organist.

Forty members of Sacred Heart Sodality were honorary pallbearers and the seventh and eighth graders and members of the faculty of the Powers-Spalding school formed an honorary escort.

Active pallbearers were Dwight Sargent, Gerald Ravet, Ernest DelaCosta, Pat Cory, Cabel LaBonte and Wayne Miller.

Those attending the rites included Mr. and Mrs. James Recla of Niagara, Fred Perry, Two Rivers, Wis.; Mr. and Mrs. James Langley, Milwaukee; Mr. and

Church Parties

GARDEN—Mrs. Roland Boudreau, Mrs. Walter Stellwagen, Mrs. Maude La Motte and Mrs. Fred Gauthier were in charge of arrangements for the party at Marygrove Wednesday night.

ST. ANNE'S ALTAR SOCIETY held a monthly meeting at Marygrove Tuesday night. After business they enjoyed a few games of cards in which prizes were won by Mrs. Roland Boudreau and Mrs. Fred Gauthier. Light refreshments were served after play. Arrangements were in charge of Mrs. Walter Stellwagen, Mrs. Maude LaMotte, Mrs. Alfred LaVallee and Mrs. Roland Boudreau.

BRIDAL SHOWER—Miss Beverly Lester of St. Ignace, daughter of Mrs. Nora Lester, was honored at a miscellaneous shower party Thursday night in the Community hall, arranged by Mrs. Myrtle Halvorson, Mrs. William Winter and Mrs. Alfred Swanson. Card games were played and prizes presented to Mrs. Wesley Horning, Mrs. Ernest Tatrow and Mrs. George Farley. The guest prize was received by Mrs. Reginald LaCost. Beverly received beautiful and useful gifts from her many guests after the serving of delicious lunch. She will be united in marriage with Melville Lent of St. Ignace April 14.

Out of town guests included Mrs. Harris Humbert, Mrs. Alex Bouchard, Mrs. Nancy Curran, Mrs. Lyle Bouchard, and Mrs. Alfred Swanson of Fayette; and Mrs. Katherine Branda of Superior, Wis.

BRIEFS—Mrs. Mary Pardee is confined to her home with influenza.

Mrs. Katherine Branda of Superior, Wis., is visiting Mrs. Mary Pardee.

Mr. and Mrs. John Lester and Mr. and Mrs. Robert Lester, Sr., returned Thursday from a week's visit with relatives in Detroit.

Mrs. J. J. King is ill with influenza and was unable to entertain the Guild Wednesday.

Mr. and Mrs. Peter Giusiano and the latter's sister, Mrs. Anna Helgasen have been ill for the past two weeks with flu. Mr. Giusiano motored to Escanaba Monday to meet Mrs. Grace Griffin of Lake Forest, Ill., who will visit her sisters.

Mr. and Mrs. Fred Olmsted of Nahma were visitors at the Giusiano home Sunday.

Bonard Tatrow left Monday to sail on the lakes. George Boudreau, Jr., took over his job as bus driver.

Mrs. Amelia Woolen has returned to Duluth after visiting her sister, Miss Albertine Godbout.

Dale Prokop of St. Ignace came Monday to spend several days here with his father.

Mrs. Charles Winter, Mrs. Eugene Bernier, Jr., and daughter, Becky visited with Mrs. Lucy Purtil of Manistique Tuesday.

John Willette and Mrs. Louis Trombley, Flint; Mr. and Mrs. Joseph Willette and Arthur Willette, Gwin.

Funeral services for Peter Willette were held this morning at nine o'clock at St. Patrick church. Rev. Fr. Casimir Mark officiated and interment was made in Gardens of Rest cemetery.

Pallbearers were Herbert LeGault, John McDonough, Frank Lachapelle, Percy Winters, Ralph Besson and Albert Wescott.

Out of town friends and relatives who attended the funeral are Mr. and Mrs. Wilfred Willette and Mr. and Mrs. Jack Buckley, of Iron Mountain; Mr. and Mrs.

Funeral services for Harry Compher were held Friday afternoon at 2:30 o'clock at the Alto funeral home. Rev. Otto Steen officiated and interment was made in Lakeview cemetery.

Masonic service ritual was conducted by Arthur Nelson with the Blue Lodge and Knights Templar serving as escorts.

Pallbearers were Adolph Flink, Edwin Zuelke, H. P. Johnson, James Hall, Tom Coen and John Edick.

Military services at the grave were conducted by Chaplain Archie Wood. Past Commanders of the Legion serving as an escort included Edward Moersch, John Peltier, L. A. Danielson, Wm. Perron, Robert LeMire, Cliff Vadnais, Claude Tobin, Dr. C. J. Corcoran, Elmer Swanson and Emerson Harvey.

Forty and Eight members serving as escort included Ernest DeHooghe, Al Anderson, Gust Lierman, Henry Boyle, Herman St. Thomas, Al Provencher, Nels Sorault, Bert Sherwood, Herman Melike, Gerald Cleary, John Desmond, William Garbett, Edward Brunell, Brit Hall.

Out of town relatives who attended the service are Mr. and Mrs. Frank Compher and son, Drake, of Detroit.

PETER WILLETTTE—Funeral services for Peter Willette were held this morning at nine o'clock at St. Patrick church. Rev. Fr. Casimir Mark officiated and interment was made in Gardens of Rest cemetery.

Pallbearers were Herbert LeGault, John McDonough, Frank Lachapelle, Percy Winters, Ralph Besson and Albert Wescott.

Out of town friends and relatives who attended the funeral are Mr. and Mrs. Wilfred Willette and Mr. and Mrs. Jack Buckley, of Iron Mountain; Mr. and Mrs.

Farm Supply Safe Cracked

Two Hours Work Nets Total Of 22 Cents

Safe crackers last night broke open the steel safe of Norden Farm Supply on US-2 near Wells, found it empty of cash, and had to be satisfied with 22 cents pilfered from the cash register.

State Police of Gladstone and Sheriff William E. Miron estimated the burglars spent at least two hours in breaking open the safe. They closed venetian blinds in the front windows while they tussled with the safe.

Entrance to the building was made by breaking panes of glass in a rear door.

The burglary was discovered about 8 o'clock this morning by James Gonsowski when he opened the building for business.

Officers said the safe cracking methods appeared similar to those used in other recent burglaries in Escanaba. The safe was tipped over and pounded and cut with an ax, and the inner lining opened with a chisel and sledge hammer. The safe was 60 inches high and 27 inches square.

Investigation is being connected with other safe cracking jobs in the community. There is the possibility they are the work of the same persons, officers believe.

Forest Industry Survey Planned

To help the National Production Authority in the nation's defense program, the U. S. Forest Service advises the conservation department that a survey of Michigan forest industry manpower and equipment needs will be made in April and May.

Part of a nationwide survey, the information collected will guide defense agencies in insuring the industry of sufficient wherewithal to meet high level emergency requirements for forest products.

Munising News

Charles Stigall Dies At Munising, Funeral Today

SHINGLETON—Charles Stigall, a resident here the last six months, died at his home at 2:10 Thursday morning following an illness of three years. He was 69. The body was taken to Beaulieu's funeral home, Munising.

Mr. Stigall was born in Rowan county, Ky., Feb. 25, 1882. He had lived in Arkansas before moving here last year. Surviving are his wife; 7 sons, Leslie and Everett, Shingleton; Verdie, Leroy, Theodore and Teddy, Eckerman, Mich., and Leonard, Underwood, Wash.; 3 daughters, Mrs. Eva Shipley, Wetmore; Mrs. Dovey Larson, Solway, Minn., and Mrs. Agnes Nelson, Belfair, Wash.; 3 brothers and 29 grandchildren.

He was a member of the Baptist church.

The Rev. Fred Zaukelies, pastor of the Church of God, officiated at the funeral services which were held at 2 o'clock this afternoon in Beaulieu's chapel. Burial was in Maple Grove cemetery, Munising.

Alger Board Has Three New Members

MUNISING—Alger county's board of supervisors has three new members for the two-year term starting this month. They are: James Hebert, replacing Julius Claapp from AuTrain township and Benjamin Hankin and Cluen Malone, succeeding W. C. Duffett and Robert Runsat from Munising City.

Township supervisors retaining their offices are: Louis Dowell, Burt; John Lezotte, Grand Island; John Ostanek, Limestone; William Quarfoot, Mathias; Alfred Kimar, Onota; Joseph L. Hill, Rock River.

Munising Parking Ban Is Lifted

MUNISING—It is all right to park your car on streets here all night now—providing a snowstorm doesn't come along. Officially, the city's restrictions on night parking are in effect until April 15, but recent weather has cleared away much of the snow and police have eased the restriction.

Special Service At Sacred Heart

MUNISING—Men of the Sacred Heart parish will hold their annual Day of Recollection Sunday with the Rev. Ronald J. Bassett as the retreat master. Conferences and the devotions will be held in the church and in LaMothe Memorial hall, starting with an assembly at 7:45 in the hall.

If you spent it at the rate of a dollar a minute, it would take you 2,000 years to spend a billion dollars.

Carrie Wallace, Escanaba, Dies

Was Truant Officer For Schools Here

Miss Carrie Wallace, 127 First avenue south, retired attendance officer for the Escanaba city schools, died yesterday at St. Francis hospital. She was 84 years old.

Miss Wallace was born in Cincinnati, O., April 5, 1867, a daughter of the late Mr. and Mrs. William Wallace, and she had lived in Escanaba 70 years.

In addition to her duties as attendance officer, Miss Wallace was employed as school census taker for a period of time.

She was a member of St. Stephen's Episcopal church.

No close relatives survive.

The body was taken to the Anderson Funeral Home where friends may call beginning late Sunday afternoon. Services will be held at the funeral home chapel Monday at 3:30. Burial will be in Lakeview cemetery.

Metros Named City Manager At Iron River

IRON RIVER—Julius Metros, home-town boy, was unanimously appointed city manager-clerk at a salary of \$4,000 a year by the city commission last night. He succeeds David M. Youngs, who is retiring on pension after 21 years of service.

Youngs, who presided over the organizational session until Mayor Carlson was re-appointed, turned over his chair at the commission table to Metros after he received the thanks of the commission for his faithful services.

Mrs. Ruth Webber To Manage Hotel On Grand Island

Mrs. Ruth Webber has been advanced from the position of hostess at Blaney Park Resort to the management of Hotel Williams and cottages at Grand Island, according to Joe Bachunas, the new operator of the island.

"We are building a permanent organization for all our resorts," said Mr. Bachunas, "and we believe in advancing our personnel to important positions. Mrs. Webber has the experience to help make Grand Island one of our most outstanding resorts and a credit to the community. We have already started a big advertising campaign in midwest metropolitan papers. Thirty-nine thousand broadsides, with pictures by Mildred Keeton, have been mailed to our guest list. Six thousand more have been distributed at the Detroit Daily News Travel Show and four thousand have been mailed in a group package by the Munising Chamber of Commerce to a select list of inquiries received at the Travel Show in Chicago."

This summer colored movies of Grand Island and the Munising district will be made by our publicity director, Edward Dreier, for showing to lunch clubs and other groups next winter. Arrangements are being made for the entertainment of a group of travel editors and photographers at Blaney Park and Grand Island when the Williams hotel opens in July. We are going to tell the world about Grand Island and the Munising area."

Mr. Bachunas will be in Munising the latter part of April to engineer changes and improvements to the set up on Grand Island. Mrs. Webber will interview local applicants for staff jobs.

BLEEDING STOPPED—Wayne Gideon, 7, of Houghton, Tex., suffering from a rare blood disease, smiles for the first time in weeks as he finally quits bleeding from a throat injury he incurred several weeks ago. A new serum, anti-epiphilia globulin, flown to the boy from St. Louis has been used and temporarily stopped the bleeding. (NEA Telephoto)

Joseph F. Royer Dies In Hospital, Ill Three Days

GLADSTONE—Joseph F. Royer 71, a resident of Gladstone the past 19 years, died at 6:30 this morning at St. Francis hospital where he had been a patient three days.

Mr. Royer was born in Canada April 4, 1880, and was brought to the United States as an infant by his parents who settled in Bagley. He farmed in that locality many years and later was employed by the Wells Lumber Co. of Menominee. After coming to Gladstone he worked for the Northwestern Cooperage and Lumber Co. and later for the Northwestern Veneer and Plywood Corporation. He retired six years ago.

Mr. Royer was unmarried. He made his home in Gladstone with a sister, Mrs. Albert Londo, 518 Minnesota avenue.

Surviving in addition to Mrs. Londo are four other sisters, Mrs. H. A. Shepherd and Mrs. Otto Baume of Daggett and Mrs. G. O. Jacobson and Mrs. Harold Nickerson of Detroit.

The body is at the Skradski funeral home where friends may call beginning Sunday night. The rosary will be recited at the funeral home at 8 Monday evening. Services will be held at 9 Tuesday at All Saints' church with Father Walter Roemer officiating and burial will be in Fernwood cemetery.

Rapid River

Rapid River Royal Neighbors—RAPID RIVER—The Royal Neighbors of Rapid River will meet Tuesday, April 10, at the home of Mrs. Frank Nygren.

island. Mrs. Webber will interview local applicants for staff jobs.

Burning Permit Now Required

Only Issued When Conditions Right

Burning permits are now required for any fire other than a domestic fire is the reminder offered by Ranger Jim Jay of the U. S. Forest Service at Rapid River.

"Many farmers, and owners of cabins and camps want to burn brush or grass in the spring," Jay says. "The time to do it is right now, while there is still snow in the woods and the ground is wet. Waiting to burn until dry weather, increases the danger of the fire getting away and also damages the grass roots."

Permits may be obtained at the ranger station at Rapid River, at the Stonington Fire Tower, and from Earl Kaiser, conservation officer at Ogontz.

Burning permits are issued only for periods when conditions are found when the wind velocity is low, the humidity is high and the ground is wet.

Iron River Will Adopt Fast Time

IRON RIVER—Iron River will again adopt daylight saving time during the summer months.

The city commission last night unanimously voted for a resolution turning the clocks an hour ahead on the last Sunday in April and reverting back to central standard late in September.

Editorials—

Further Legal Clarification Of Zoning Authority Is In Order

SOME clarification of the planning commission's authority is still in order, it seems. The matter was discussed again at the city council meeting Thursday night and there still is no unanimity of opinion on whether the council itself or the planning commission has final authority over city zoning.

The legal opinion presented to the council by City Attorney Denis McGinn indicated that the "authority over zoning now reposes in the city council, with the planning commission having the authority to make recommendations to the council on zoning matters."

The implications of the opinion, however, are that the planning commission can assume full authority over city zoning

Wheels Of Justice Move Slowly

THE disclosure that a reckless driving case has been pending in Delta county for a year against Joseph Harris, of Wilson, who is held for the hit-run death of Kay Langley, 14-year-old Spalding girl, indicates that the wheels of justice move at an incredibly slow pace in this county.

Harris was arrested by Delta county sheriff department officers April 19, 1950 after an accident that occurred near Escanaba. He was charged with reckless driving and was released on bond April 20. Nearly a year has elapsed since then and the case is still pending.

Harris has not been tried on the charge and the case has not been dismissed. Surely within the period of a year it should have been possible to dispose of this case. The lack of action is unfair to everyone concerned, the complainant, the officers involved and even to the defendant himself. It is also unfair to the bondsmen who, in this case, was not the defendant.

Unfortunately, this is not an isolated case. Other cases have dragged on and on for months before they finally were disposed of.

The wheels of justice need not move at a snail's pace and law enforcement will improve only when more vigorous action is attained on these court cases.

Understanding Needed In Foreign Aid Plan

IN many nations outside the Communist world the United States is not popular. Why is this so?

Just plain envy of our wealth and power is one reason. For another, it's human to dislike the insufferably charitable person who keeps you afloat when you can't make it alone. And plenty of the non-Communist peoples are dependent on us for help.

Then, too, other countries feel we don't really understand them and don't try to. To a great extent they're right. But one should add instantly that the shoe fits the other foot as well; not many foreigners actually know America. They too often judge us by a body of myth and legend which has only a frail link to reality.

To dispel envy and induce the receiver of charity to like the giver is not easy. But certainly it lies within our power to help eliminate the fundamental misunderstandings between us and foreign peoples.

We can do much more than we now do to grasp their traditions and customs, their geography, their historic and cultural backgrounds, their economic base, their political make-up.

Out of this increased understanding will come an appreciation of a fact too frequently overlooked by some of our most ardent patriots: We cannot make these people over in our own image. We cannot foist our traditions upon them, nor cram them into the same mold that delineates our economic and political system.

Many of these people will continue to need our assistance for a long time. We cannot demand as the price of that aid that they simply ape America. We can, however, require that any money given be spent as wisely as possible, and it's fair to set up control arrangements which afford that assurance.

The big need is to devise programs of aid and improvement, particularly for backward Asia, which take into full account the condition of the peoples. It is absurd to think of the Asiatics in standard democratic terms; they know little of democracy and care less. To insist that an Asiatic nation adopt our form of it as the price of help would be like trying to grow sweet corn at the North Pole.

Communism makes headway in Asia and in some parts of Europe because it offers a specific practical program that can be understood by the man who is worrying about his stomach, not about his freedom.

We have to understand that the virtues of our life are not readily apparent to a man in such state. We have got to offer him something just as practical and specific as the Communists do.

Spring Music

Birds can make a lot of music in the early days of spring, but they've got some competition that can make the heavens ring. It's a-comin' from the corner lot where every kid around, goes to loosen up his muscles and contribute to the sound. For it's just as much a part of spring as any robin's song, when the baseball season opens and its music comes along.

Careful how you're pitchin' Skinny, screams the little guy at first—throw it in there fast and shoulder-high and let him do his worst. Doesn't matter where you throw it, he's a cinch to get a hit—now the coach at third is yellin' as the catcher thumps his mitt. Aw, go buy yourself some glasses, ump—you want you should be mobbed? Why, of course, it's just the batter howlin' loud that he was robbed.

Catch him slidin' into second, kid—there isn't any doubt. Hey there, stupid, do you have the nerve to say he wasn't out? Crack of bat against the horsehide, smack of ball against a glove—yep, it's just new springtime music that both young and grownups love. And in turning up for summer, there's no music quite so grand, as the cry "Play Ball!" goes ringin' out across the happy land.

MARTIN

By Gordon Martin

Merry-Go-Round

By Drew Pearson

WASHINGTON — President Auriol of France has now left the United States for Canada.

When he departed, there remained behind him, hanging on the walls of Mount Vernon, a symbol of France as dear to the French people as the Liberty Bell in Philadelphia as to the American people.

It is the key to the Bastille. President Auriol paid a visit to George Washington's home and saw the key to the Bastille hanging on the wall just inside the door. But he did not put it there. It was given to Washington by Tom Paine, crusading pamphleteer of Revolutionary days, to whom it had been given by General Lafayette.

One of the most historic symbols of France, the key was secured by Lafayette from the leaders of the French Revolution who unlocked the Bastille and released its political prisoners on July 14, 1789. Lafayette was one of the French aristocrats who had fought for the French people against the tyranny of Louis XIII, and the French Revolutionaries gave him the key partly for his own protection.

Lafayette in turn passed it on to Tom Paine with these words: "The key goes to America. Give it to our general."

That was how one of the most famed tokens of French freedom happened to be hanging in Mount Vernon when President Auriol visited Washington's home last week.

RETURN KEY TO FRANCE

In this connection I should like to suggest that the cherished key to the Bastille now be returned to France—as a symbol of everlasting friendship between our two countries.

The average American who visits Mount Vernon does not appreciate the key's significance, and the role it played in French history. But to France it means the day of liberty, the founding of the French republic. For, as the Liberty Bell tolled out the call to revolt in Philadelphia on July 4, 1776, so the key to the Bastille freed the oppressed of France on July 14, 1789.

That is why every July 14 since then is Bastille day—the chief French national holiday.

Imprisoned in the Bastille at that time were such French patriots as Voltaire, Lally-Tollendal, Cardinal De Rohan and the Man in the Iron Mask. They had been imprisoned because they criticized the government or offended members of the nobility.

That is why Bastille Day and the key to the Bastille mean so much to France, and why it would be such a significant gesture of friendship if we returned it at this time.

It could be enshrined in a monument not unlike the Statue of Liberty as a symbol of freedom.

SOVIET SCANDALS

The American public may feel depressed over the scandals recently exposed in Washington. However, a Russian scandal, with all the earmarks of the Fulbright RFC investigation, has recently been reported by British intelligence.

The scandal took place in Bulgaria, about 37 miles from Sofia where Russia operates a uranium mine, the Gotev mine. The boss of the mine is a Russian engineer, Khristimov, whose salary is equal to \$1,200 a month. He named his wife his assistant at \$900 a month, and took over the most luxurious mansion in Sofia for their quarters.

Following his example, three other Russian engineers, Vetrofko, Dubrovsky and Stihma, pulled down cushy jobs for their wives at from \$450 to \$900 monthly. In comparison, Bulgarian miners are paid the equal of \$54 a month.

To make life more pleasant in the satellite state, the Russians set up their own retail stores, stocked them with the finest foods in Bulgaria, and set the prices considerably lower than prices paid by Bulgarians.

All this was bitterly resented in Bulgaria and helped to increase current Bulgarian unrest.

INFLATION FIGHT

The fight against inflation is a long way from being won, but the picture is now brighter than in the last three months. This is partly due to a tapering off of the consumer buying spree; also, the recent decision of the Federal Reserve board and the treasury department to depress the price of long-term government bonds. Big banks and insurance companies are now holding on to their government bonds rather than selling them and showing a loss on their books. This means less credit inflation, though the bankers and insurance tycoons are far from happy about it.

Into The Past

10 YEARS AGO

Hitler Invades Greece—War Declared on Yugoslavia—The German Balkan armies sprang early today upon Greece and Yugoslavia and opened a second and great front certain to soften the pressure of the long siege suffered by the British Isles.

Manistique—Mr. and Mrs. Robert Harbin of Manistique are expected to arrive today. They will be accompanied by L. C. Harbin who has been a patient at Petoskey hospital.

Gladstone—Mr. and Mrs. Elmer Caron returned to their home here yesterday following a month's vacation at various points of interest in Florida.

20 YEARS AGO

Escanaba—Maurice Stromwell, son of Mr. and Mrs. W. J. Stromwell, 523 First avenue south, was one of the two students who have been awarded a scholarship by the School of Commerce at the Northwestern university, Chicago.

Escanaba—William Warmington, 714 First avenue south, and his daughter, Miss Grace Warmington, a student at Lawrence college, Appleton, Wis., who is here for the holidays, spent the Easter holidays with Mr. Warmington's brother at Dollar Bay.

Gladstone—Lawrence college students who are returning today to Appleton, Wis., to resume their studies are Lucille Russell, Pearl Case, Fern Woodhall, Helen Erickson, Merle Hawkins, and Freeman Empson.

Manistique—Miss Marjorie Bretz has as guests over Sunday, Miss Arta Muck of Menominee and Dr. Miller of Escanaba.

Spring Fever

Railroad Boxcar Pinch Tightens As Plants Pour Out More Freight

Is a new transportation snarl on the timetable before the leaves fall next autumn?

Most shippers and many rail roaders think so, the Wall Street Journal reports.

The reason: Not enough rail cars.

Reports an official of Kaiser Steel Corp. on the West Coast: "In 1951 we expect the severest freight car shortage we've ever had. So far this year the railroads, on a nip-and-tuck, day-to-day basis, have barely been able to take care of our needs. And before the end of the year it will be a lot worse."

Confirmation of that prediction comes from R. E. Clark, an official of the Association of American Railroads. "You can expect a car shortage throughout 1951," he recently told a meeting of shippers in Oregon.

In Pittsburgh, Pa., Clifford F. Hood, executive vice president of U. S. Steel, makes the forecast that "the fall peak of rail traffic this year will mean serious car shortages." And in Dallas a spokesman for Big Lone Star Cement Corp. adds this gloomy view: "The situation, already bad enough, will get worse when the grain harvest gets under way."

The picture of the pinch can be pictured pretty clearly in figures. Take the Federal Reserve Board's index of mine and factory production as a barometer of goods to be moved about the country. The latest report shows that index 23% above a year ago. But the 1,713,000 freight cars which Class I railroads had on the track on March 1 were only 33,000—a thin 2%—more than a year earlier. As recently as the start of 1951, the total was actually below that of a year earlier.

New freight cars were built last year, of course, but the new ones numbered only a little more than half as many as rattled into the junk heap—worn out. Current production of new cars is higher than the death rate for old ones—but only slightly. Class I roads installed about 5,500 new cars in February, but nearly 4,000 old ones were taken off the rails.

(A National Production Authority Official said yesterday that freight car output rose to 6,500 in March and would reach 9,000 this month.)

Ordering of rail cars has perked up this year sharply. Car manufacturers now have order backlogs for about 155,000 freight units—compared with only 26,000 a year ago. But grumpy shippers say "orders" don't carry freight. They say that the ordering spree has come too late to prevent a bad squeeze this year.

On-Again, Off-Again Up to now, transportation troubles have been spotty and confined mostly to the vast area west of the Mississippi. Like Finnegan's famed ride, shortages have been on-again, off-again. And the folks who've been hardest hit are producers of raw materials—Pacific Northwest lumbermen, farmers and country elevator operators in the great Midwestern grain belt.

Here and there car scarcities have touched, at one time or another during the last month or so, producers of things like linoleum and cement, steel and gypsum, paper and scores of other manufactured goods. But so far, no one has been hurt badly. Some

plant operations have slowed down, but only a few flour mills have had to close up shop.

"I thought we'd have to close down several times," relates the traffic manager of Russell-Miller Mining Co., of Dallas. "This is what makes us hold our breath: Some days recently we were getting only five or six cars daily when ten or twelve were needed."

Lumber, Lime and Grain In Oregon, where lumber mills have been getting only 68% of their car requirements, one mill manager tells his customers: "If you want to place an order with us, you've got to furnish the rail car to ship it in."

In Woodville, Ohio, the Ohio Hydrated Lime & Supply Co. has

been getting about two-thirds of the 30 to 35 cars it needs daily, and in Toledo, the Woodville Lime Products Co. tells a similar tale: for the last couple of months it's been receiving only a little more than half of its normal supply of cars. These companies have been bridging the gap by using trucks, but truck capacity is tight, too.

About the unhappiest victims of the car pinch are the grain elevator operators and farmers. As George Gilbertson, an elevator operator in Boyd, Minn., says, "It's costing us money every minute."

Tale of Woe Explains Mr. Gilbertson: "I have 18,000 bushels of soybeans in my elevator. Each carload (about 1,500 bushels) is worth about \$5,000. We have to borrow money and pay interest on it while we hold the beans for shipment. Week before last I finally managed to get three cars loaded, but then they stood on the siding a week because the line was blocked with snow."

P. F. Scheuneman, vice president of Peavey Elevators, which operates a string of 225 elevators in Minnesota, North and South Dakota, reports, as a typical example, that the Peavey Elevator in Letcher, N. D., got one car in January, another in February. A lot of elevators, he says, which need 15 to 20 cars immediately to move their holdings, are faring no better. "Many elevators had to stop taking corn long ago," he adds, because they were jammed full. "As a result, farmers are being hurt badly. They can't sell the corn and they haven't enough cattle to eat it."

A recent survey of 68 elevators by the Farmers' Elevator Association of Minnesota showed 6 million bushels of corn, wheat and other grains awaiting cars, and says an official, there were "millions more bushels stored on farms."

Kansas farmers and grain handlers complain of the same brand of grief. Continental Grain Co. has been getting 25 of the 65 cars it needs daily, and some units of big Flour Mills of America had to suspend operations for awhile because of lack of shipping space.

But there's been a little relief in the last few days. This winter's heavy snows, which blocked some car movements, are beginning to melt on the fringes of the grain belt, and Southwestern operators report a slightly better movement of east-to-west cars recently. However, within a month wheat harvesting will begin in Texas' Panhandle, and the frantic rush for cars will be on again.

That real trouble will begin then, nobody denies. But how bad will it be? There are some big "ifs". Until a few days ago, all forecasts indicated another banner crop. Now the Santa Fe Railroad predicts the crop on 7 million Southwest acres out of a total of 56 million acres in winter wheat may be lost to drought and bugs, barring a "last-minute miracle." That of course, could lighten the rail car demand, for awhile. Timing is important. When the harvest moves northward, heavy production in the northern part of the belt would mean topheavy calls for cars later in the summer and early fall.

Good Evening . . .

By Clint Dunathan

JUNIOR DUNKERS—Browsing through the past week's accumulation of mail with an eye to column material, we report with some misgiving a letter from the National Dunking association. The hesitancy is occasioned by our disinclination to encourage additional organizations in the community.

The National Dunking association, dedicated to the "encouragement of good cheer and good fellowship," is now promoting the Gingerbread Donut Kids club. The junior organization is open to all children with no dues required and is proposed as an answer to "the steadily rising juvenile delinquency rates."

Well, the National Dunking association boasts of 3 million members, including charter members that sound like a list of the great in the entertainment world. The list starts with Bing Crosby and ends with the Andrews Sisters.

If you want to organize a Gingerbread Donut Kids club, write Bert Nevins, Room 232-326, 152 West 4th street, New York 18, N. Y.

CALLING ALL SCOUTS—If you do not want to organize a Gingerbread Donut Kids club but would like to do a good turn like a good Boy Scout, watch out for a Black Book of Lyrics.

The book belongs to Miss Julane Pelletier, formerly of Escanaba, pianist and singer of radio and club.

"I lost the book in Escanaba or vicinity," Miss Pelletier writes. "It contains over 1,000 lyrics and is quite valuable to me."

Escanaba born, Miss Pelletier has been heard over WGN and other radio stations. If you find a Black Book of Lyrics, send it to Miss Pelletier at 3139 North 12th street, Milwaukee, Wis.

RATES OF PAY—Oliver C. Estenson of Gladstone, justice of the peace, writes to correct an error appearing in a recent column concerning juries.

We wrote that jurors receive \$2 for each one-half day they serve in circuit court. They receive a straight \$6 per day, plus 10 cents per mile as we originally reported.

Justice Estenson corrected us on the per diem, but appears to err himself on the mileage payment. He says jurors receive 6 cents, not 10 cents per mile.

Miss Mary Constantineau, Delta county clerk and clerk of the court, assures us jurors who reside outside the city of Escanaba are reimbursed for transportation at the rate of 10 cents per mile, going and coming—or coming and going, to put it in the proper sequence.

Justice court jurors (six men) are paid \$3 per day, \$2 per one-half day, says Justice Estenson. Apparently they do not receive travel expense.

CROSS IN THE SKY—Mrs. Gilbert Taylor of Cornell, writing under date of March 28 (you can see how far behind we are with the mail), reports as follows:

"I read in Tuesday's paper that some people in Niles, Mich., saw a cross in the sky Saturday night. Mr. Taylor also saw this cross and said it was over the moon and the arms were lighter in color than the upright part."

Mrs. Taylor sends the item because she thinks other persons may have seen the phenomena.

NEWSPAPER LADY—Down at Petersburg, Mich., near Monroe, lives Mr. and Mrs. Isadore Nault and their four children, former residents of Escanaba.

Mrs. Nault saw the recent issue of the Escanaba Daily Press in which the dedication of the new press was described. The Naults have been receiving the Daily Press since they left Escanaba in 1937.

"I was interested in the improvements at the Daily Press because, you see, I am a car route carrier for the Monroe Evening News. I have a 57-mile trip daily with 145 customers. I enjoy my work very much," she writes.

After leaving Escanaba the Naults lived in several cities, are now settled down on an 80-acre farm at Petersburg.

Take My Word For It . . . Frank Colby Jr.

READERS' CORNER

Los Angeles: Will you please discuss and define the term sloe-eyed, as applied to a woman.—E. C. L.

A. Sloe, the noun, designates a kind of plum. The adjective sloe, as in sloe-eyed, means pluish or purplish black. Speaking of a sloe-eyed woman is a rather fanciful way of saying that she has large and luminous black eyes.

Q. Will you please tell me why the word palomino is not in any dictionary? The Mission San Antonio de Padua in Monterey County was famous for palomino horses in 1830.—M. A. C.

A. The word palomino, of Spanish origin, is listed in the New Words section of Webster's New International Dictionary, page cii, and in several other late-edition dictionaries. Literally, the word means, "young pigeon." The American pronunciation is: PAL-uh-MEE-noe. Also, the final "o" is often obscured: PAL-uh-MEE-nuh. Cazenovia: What is the source of the name Taps, for the bugle call?—Mrs. D. M. L.

A. The origin of taps is a little uncertain; but it is likely that, as the signal for lights out and going to bed originally was tapped out on a drum, it came to be known as "the taps," or simply "taps." Taps is the most beautiful of the bugle calls. It is played at army bedtime and at military funerals. Taps of the U. S. Army was composed during the Civil War by General Daniel Butterfield, of the Union Army.

Q. Can this be right: "We are going to help those two young folks"? Can there be two folks?—B. L. R.

A. Folks in the meaning of "people in general, people of a specified class or group" is now given complete sanction by the modern dictionaries. In colloquial (conversational, informal) usage, folks is also accepted in the meaning of "one's relatives." It is a short, apt, and useful word.

Bob Ruark Says

Draft Deferment Plan Does Not Make Sense

By ROBERT C. RUARK
NEW YORK—If nobody cares, I sure would like to take another swipe at this draft business, which seems to be paramount in a great many minds today. It just isn't making any appreciable sense.

Talked to a fellow the other day, man with two sons. One son, upcoming 18, is going to skip the draft, because he's entered into college and the grades are all right. But son No. 2 is a fat pigeon. He went to college, made good marks, graduated, and now is a member of the guild which the Arabs describe as the forgotten of Allah.

For nearly a year his future has been heavy in doubt. He can't get a good job. The first question prospective bosses ask is: "What's your draft status?" He is forced to mumble something like "indefinite" and the bossman says,

THOSE IN UNIFORM

Pvt. Gary C. Abrahamson, 19, son of Mrs. S. E. Abrahamson, 1413 Third avenue south, Escanaba is completing his AF basic training course at Lackland Air Force Base in Texas.

Lackland, situated near San Antonio, is the world's largest air force base, center of Air Force basic training, for air men and women, indoctrination station for prior service reenlistees, and home of AF's Officer Candidate school.

His basic training is preparing him for entrance into air force technical training and for assignment in specialized work. The course includes a scientific evaluation of his aptitude and inclination for following a particular vocation and career.

Pvt. Norbert Murphy, son of J. Kevill Murphy, of 403 Ludington street, Escanaba, is presently training as an air force technician at the USAF Technical school at Warren Air Force Base, Wyoming, it has been announced by the commanding officer.

At this historic former cavalry post outside Cheyenne, the air force is training young airmen in the many specialties needed for air power. Besides clerical skills such as clerk-typist, clerk-stenographer, and administrative specialist, the schools at Warren Air Force Base train automobile mechanics, powerman, electricians, teletype operators and repairmen.

Percy J. Steffel, son of Mr. and Mrs. Percy J. Steffel, Route 2, Bark River, has recently been promoted to the grade of Sergeant First Class. SFC. Steffel is presently assigned to Company "D" 61st Infantry Regiment of the famed 8th Infantry Division, Fort Jackson, S. C., with duty as a mess steward.

Sgt. Steffel enlisted in the Regular Army on June 10, 1949, at Escanaba, Mich., for indefinite active duty.

He and his wife, the former Betty Hargushefner of Speeds, Indiana, now make their home at 2323 Devine St., Columbia, S. C.

Pfc. Edward E. Williams, 19, son of Mr. and Mrs. George Williams, McMillan, Mich., was recently promoted to Corporal while fighting with the Second Division in Korea.

Cpl. Williams, a member of the famed 57th Field Artillery Battalion, enlisted in the army on April 20, 1949, at Escanaba. Prior to joining the "Second to None" division last August, he was stationed at Fort Riley, Kans.

ABOARD THE LIND—Warren E. Faubert, S. N. in now doing C.P.O. Mess Cook aboard the USS Destroyer Wallace L. Lind. The USS Lind took an active part in the amphibious redeployment of the United Nations land forces from the Korean evacuation port of Hungnam. After the bombardment the USS Lind went to Japan for repairs. Warren is the son of Mr. and Mrs. Arthur Larscheid of Isabella. He enlisted in May, 1950.

Truman Draft Test For Students Rapped In Michigan Senate

LANSING —(P)—President Truman's order to give draft deferments to all college students who can pass aptitude tests was slapped by the Michigan Senate.

The Senate condemned the order by resolution, objecting to its "all-inclusive" nature. The resolution implied approval of the department of defense's long-standing policy of deferring scientific students.

Senator Harold M. Ryan (D-Detroit) fought the resolution accusing the Republican-controlled Senate of acting for political motives rather than with "common sense."

"If we go into a long war," Ryan said, "we will need trained engineers and doctors because we will have to beat Russia or China with our brains and not our numbers."

Senator George N. Higgins (R-Ferndale) declared that college examinations were no judge of brains.

Pig Drinking Stunt Called Unsatisfactory In Florida Restaurant

FORT LAUDERDALE, Fla.—(P)—The "pig in the parlor" act put on by a whisky-drinking sow in a restaurant near Dania may be hilarious but it certainly isn't healthy sanitary inspectors ruled.

The pig, Suzette, performs in a restaurant operated by Gina Riva.

When urged, Suzette sits on her hind legs on the restaurant floor and drinks Scotch and soda or beer from a bottle.

Pay Raise For UAW Bosses Runs Over Government Limits

CLEVELAND—(P)—Would the government approve a 12½ per cent pay raise for Walter Reuther? Wage Stabilization officials might be wrestling soon with that puzzle.

Reuther, a bitter critic of the government's wage policy, would get a \$1,250 a year salary increase under the proposal.

Based on his present salary of \$10,000, this would exceed the stabilization formula of 10 per cent above January, 1950, pay levels.

In the cases of other UAW officials, the percentage would be even higher. The same increase was proposed for secretary-treasurer Emil Mazey, now earning \$9,500, and vice president Richard T. Gosser and John W. Livingston, who get \$8,000.

The same raise also would go to 19 executive board members who now earn \$6,500. That's nearly 20 per cent.

A new portable addresser, easily held in use by fingers and thumb of one hand, is designed to get mail addressed quickly and accurately by organizations with limited mailing lists. Master copy is typed on a spirit roll, which holds 250 addresses, and is easily inserted into the machine.

Good Insurance, Babson Advises

By ROGER W. BABSON
WASHINGTON, D. C. — For some time, I have been advising my readers who live in large cities to have—as insurance—a small house with enough land to feed one's family and far enough away from the large city to be safe in case of World War III. I am not recommending farming as a small business, as it is fast becoming a "big business" operation. It is very difficult for an inexperienced person, without much capital, to compete with big farmers. As insurance, however I believe such a small place in the country is the cheapest, safest and most sensible insurance a family can buy, after being insured against fire.

Being Smug Will Not Pay
I am now getting letters from readers saying: — "We already have a house to which we can flee in an emergency. Hence, we are okay whatever happens." This week I wish to remind such readers that they have forgotten the "refugee problem". It is very possible when you reach your "hide-away", you will find it already occupied by others who have fled from a large city and—by permission of the Red Cross or some State official—have already taken possession. The rule may be that the first refugees who reach an unoccupied house—or an occupied

house with empty rooms — can take possession, whoever the owner may be.

Hence, it is important that we (who think we are well provided with a safe refuge) should wake up and do something now, to prepare for an abrupt surprise! This applies not only to those who are planning to flee to a summer place in the country, but also to those who now live smugly in the quiet suburbs of some city which may be bombed. Such houses will be occupied by strangers if we leave them vacant — while we must share them with strangers if we remain in them. In case of enemy bombing, refugees will be given any empty beds whenever needed.

"What shall we home owners do?" you ask. Let me reply that our future safety depends upon getting interested now in helping the other fellow. If a city within 75 miles is bombed, only those who are truly unselfishly interested in helping the refugees will save their own homes, whether in a city suburb or in a little farm or village. This means we should now become an active Red-Cross or refugee worker. We should now study first-aid nursing and emergency diet. We should now definitely plan to take strange people into our homes either in entirety or in part, in case of need. If we have a barn or garage or empty building, we should now fix it up for refugees. Our personal safety will then depend not upon how much money we have, but how much we are doing for other people who have lost everything. Only our generosity will save us. Smugness and the feeling that we will get preferential treatment because of our houses, our money,

TODAY'S BIRTHDAY

By AP Newsfeatures

VICE ADM. HARRY WILBUR HILL, born April 7, 1890 in Oakland, Calif. S. U. perintendent of Annapolis academy in 1907. In World War I, he served with the British Grand Fleet on the battleship Texas and later as navigator on the Wyoming. He witnessed the surrender of the German fleet. In World War II he had commands in many Pacific battles, including Tarawa.

Perkins
Honored at Shower
PERKINS—Mrs. Cyril Sinnæave was honored at a pink and blue shower given by members of the Crazy Quilt club at the home of Mrs. Gus Kline Saturday evening. Attending were Mrs. William DeKeyser, sr., Mrs. Leo Godin, Mrs. William Rice, Mrs. Matt Tuskan, Mrs. Andrew Bannister, Mrs. Clayton Norden and Mrs. Lawrence LaChance, members, and Mrs. Leo Miljour, Mrs. Don Nicholas, Perkins, Mrs. Felix Miljour, Escanaba, and Mrs. Ernest Deneau and Mrs. J. P. Ketchum of Gladstone, guests. Pot luck lunch was served. Mrs. Sinnæave was presented with many pretty gifts, among them a crib blanket with

Fewer Trapping Permits Issued

U. P. Season Lasts Through April 14
Fewer trapping licenses were issued this spring, however, the conservation department reports northern lower peninsula trappers harvested about 36 per cent more beaver in the season which ended March 31.

The 1951 extended upper peninsula trapping period continues through April 14.

Trappers purchased 4,784 licenses as compared to 5,044 in the 1950 spring season. Pelts sealed in the northern lower peninsula totaled 1,986 as compared to 1,286 before. Otter take was about the same, 114 bagged as against 119 the previous season.

Early season trapping conditions were poor to fair in the northern lower peninsula. Bad roads and high water gave pelt seekers in this region the most trouble. Setting traps in the upper peninsula has been difficult because of ice on lakes, ponds and many of the streams.

Matching or topping the 1950 upper peninsula bag of 6,684 beaver and 212 otter is possible if trapping conditions improve the remaining days.

The department points out that upper peninsula pelt sealing by a conservation officer in the zone where the animal was taken, must be completed by 12:00 noon April 16.

the names of the club members feather-stitched on the border.

Plan now to attend the **FREE** *Maytag* Dutch Oven Cooking School

Wednesday, April 11
8 p. m.

JEAN SLAMEN, noted home economist of the famed Linda Marshall staff, will show you the wonderful ease of cooking on Maytag Dutch Oven Ranges. Don't miss this unusual demonstration.

Mother Of Atom Spies Puzzled By Their Acts

NEA Service Writer
NEW YORK —(NEA)—Tired and alone, Mrs. Tessie Greenglass sits in a dingy, three-room, cold-water flat on New Year's teeming lower East Side. She sits and asks questions without an answer. "That my children should do such a thing! How? Why? Who could have poisoned their minds." The same questions, over and over again.

Mrs. Greenglass is the mother of two atom spies. Her daughter, Ethel, was convicted with two others—Ethel's husband, Julius Rosenberg, and Morton Sobell. Mrs. Greenglass' son, David, is the former Army sergeant who pleaded guilty to passing atom-bomb secrets to the Rosenbergs for transmission to Russia. David testified against Ethel at her trial.

The little flat at 64 Sheriff Street is where they were born. And their mother sits there now, puzzling over what could have happened to make her children turn against their native land.

"They are children," she reflected, "playing and singing, telling their mother everything. Then, suddenly, they are grown up, smart, and their mother, who has lived through so much, knows nothing. I am not so smart. I know we all make mistakes in life. And for every crime there is a punishment. But there is also a right after the wrong. That is why I tell my children to tell the truth. "David is telling the truth now. That is right. But Ethel... who could have poisoned her mind so? What does Ethel expect from all this—a golden monument in Russia?"

The memories rush out of the old woman, sitting and tugging at her worn fingers as she goes back to a happier past.

"Ethel was such a pretty little girl. So sweet. And smart. She graduated high school before she was 16. And she was always singing. Such a beautiful voice..."

But even a mother can't live always in the past. The present catches up to Mrs. Greenglass and her lips quiver.

"Ethel's lawyer says I must not visit her. That she doesn't want to see me. Why? Shouldn't a mother be at her daughter's side?"

"Ethel says she was kicked around when she was a kid. It's true we were always poor. Four children and my husband and I crowded in three rooms with no heat. Always waiting for one to get married, then the next, so there would be more room for breathing."

"But for this you commit treason? Poverty sometimes produces greatness, too. And we tried to give our children whatever we could afford. Ethel had piano lessons and singing lessons. David—he didn't ask for much. Give him a book and an apple and he was happy."

Mrs. Greenglass is grateful for one thing. Her husband is dead. He was a native of Russia and he "hated the Bolsheviks. Thank God he is not alive to see this shame."

Outside her apartment, she walks along with her eyes straight ahead, her head erect on stooped shoulders. She pauses as a soap-box orator, with a shrill voice, passes out leaflets to passers-by.

Mrs. Greenglass, the mother of two spies, takes a leaflet. She reads it, then angrily rips the Communist propaganda in a handful of pieces and flings them to the wind.

"Go to hell," she says.

Suspension Of Duty On Copper Approved

WASHINGTON —(P)—The House Friday approved a bill to suspend import duties on copper until Feb. 15, 1953. The measure now goes to the Senate.

Intended to encourage imports of scarce metal for defense purposes, the bill still provides safeguards to protect the domestic mining industry if the price of copper falls below 24 cents a pound.

In that event, President Truman, upon notice by the federal tariff commission, would be directed to reimpose existing duties within 20 days.

The tariff on most copper imports is now two cents a pound, with duties on some types as high as four cents.

Queen Of Thailand Has Baby Daughter

LAUSANNE, Switzerland—(P)—Queen Strikit of Thailand gave birth to a daughter in a Lausanne clinic.

The queen married the youthful Monarch of Thailand, King Plumphon (RAHA IX) in Bangkok last spring. They returned to Lausanne, where the king is continuing his studies.

A member of the king's household announced today that the royal family definitely would return to Thailand in October or November.

Both the queen and the princess were reported doing well.

MRS. TESSIE GREENGLASS:
"For this you commit treason?"

Seney

Extension Club

SENEY—The Mome Extension Club met Friday evening at the McDowell home with Mrs. Sid McArthur as hostess. The lesson on "Time and Energy Savers" was presented by Mrs. Furst and Mrs. McDowell. Several games of cribbage were played. Lunch was served. Present were Mrs. E. Tovey, Mrs. Clyde Hutt, Nelson, M. S. C. Smith, Mrs. B. Furst, Mrs. Les Walstrom, R. McDowell and Sid McArthur.

Mr. and Mrs. E. Ketola, Mr. and Mrs. Harold Lustilla, Mrs. Charles Smith, Mr. and Mrs. William Boonenberg, Mr. and Mrs. Jno. Watson and Mr. and Mrs. Roy McDowell attended the Masonic supper at Grand Marais Saturday evening.

Mr. and Mrs. Roy Gatzman and children from Marquette visited over the weekend at the Pelkie home.

Sgt. and Mrs. Marvin Burns and son arrived here last week from Spokane, Wash. Marvin has been transferred to an army camp in Kansas and Mrs. Burns and son will remain here for a while with her parents Mr. and Mrs. Pete Hyvonen.

The lesson on "Selecting Furniture" was given at the school Tuesday by Miss Irma Savern. Leaders present were Mrs. Grasser and Mrs. Sayen from Grand Marais; Mrs. Saunders, Mrs. Swisher, Mrs. England and Mrs. Peters from Germfask and Mrs. Walstrom and Mrs. Smith from Seney.

The 4-H members and their leaders will attend the achievement day program at Manistique, Thursday and Friday.

Cooks

COOKS, Mich.—Mr. and Mrs. George F. Gray, recently married, held open house Saturday evening, their guests being entertained at cards after which lunch was served. Attending were Mrs. Lillian Lakosky and son Robert of Crooked Lake; Mr. and Mrs. Frank Kelly of Saginaw, Mrs. Mary Cota, Mr. and Mrs. Lloyd Gray, Mr. and Mrs. Vilas Gray, Mr. and Mrs. Chet Rivers Gray, Mr. and Mrs. Everett Posino and Mr. and Mrs. Rufus Spaulding of Garden; the Alex Weights, Roy Landis, H. Orschels, C. Segerstroms, H. Williams, E. J. Delorias, James Kellys, E. Knuths, H. Popours, Otto Winkels, John Roberts, Art Grays, H. Bockornys, Herbert Grays; Mrs. Caroline Winkel, Mrs. Jessie Gray, Mrs. Louise Walter, Mrs. Thelma Bowen, Mrs. Myrtle Williams, Mrs. Mabel Fox, Miss Lois Gray, Donald Carley, Ferris Gray, and Charles Andrews of Cooks. The newlyweds were recipients of numerous gifts and also a purse of money.

Births
Mr. and Mrs. Kenneth McGahan are the parents of a daughter, named Carol Arlene, weighing eight pounds fourteen and one half ounces, born at the Memorial hospital in Manistique, Sunday April 1.

Briefs
Mr. and Mrs. William McEachern left Saturday for Detroit to visit relatives and returned here Wednesday.
Henry Williams left Tuesday for Detroit where he is employed. Junior Middaugh is ill at his home with pneumonia. B. Popour is driving the school bus in his absence.

Mrs. Gladys Roberts and children have moved from the John Leveille home to the farm recently vacated by Gordon Beaumont.

Kathleen Roberts has been out of school several days because of illness.

Mr. and Mrs. Frank Kelly and son Gary of Saginaw returned home Sunday after spending a few days with Mrs. Kelly's father, George F. Gray.

Arthur Gray of Milwaukee spent the weekend here with his parents.

Mr. and Mrs. Jesse Schnurer and children of West Bend, Wis., arrived here Friday to visit relatives.

Legals

ORDINANCE NO. 217

AN ORDINANCE AMENDING AN ORDINANCE AUTHORIZING THE ISSUANCE OF \$900,000 WATER REVENUE BONDS, SERIES 1951 OF THE CITY OF ESCANABA, FIXING THE DETAILS OF SUCH BONDS, PROVIDING FOR THE SECURITY THEREOF, MAKING PROVISION FOR THE SECURITY AND PAYMENT OF SUCH BONDS, AND ENTERING INTO CERTAIN COVENANTS AND AGREEMENTS IN THAT CONNECTION.

WHEREAS on March 1, 1951, the Council of the City of Escanaba adopted an ordinance entitled:

"AN ORDINANCE authorizing the issuance of \$900,000 Water Revenue Bonds, Series 1951 of the City of Escanaba, fixing the details of such bonds, providing for the security and payment of such bonds, and entering into certain covenants and agreements in that connection."

and WHEREAS the Municipal Finance Commission of the State of Michigan requires said ordinance to be amended in certain respects:

NOW, THEREFORE, the City of Escanaba ordains:

Section 1. That Section 8 of the ordinance as amended, hereinafter amended to read as follows:

"That from and after the issuance of the bonds, all income and revenue of every nature derived from the operation of the system shall be deposited in the fund of the following funds and shall be set aside as collected into a Receiving Fund and shall be paid out periodically and at the times hereinafter specified into the following special funds:

(a) **Operation and Maintenance Fund.** Out of the revenues in the Receiving Fund there shall be first set aside during each operating year for the purpose of this ordinance being the twelve months ending on June 30 of each year (hereinafter referred to as the "Operating Year") amounts sufficient to provide for the payment of all current expenses of the system and such current expenses for the maintenance thereof as may be necessary to preserve the system in good repair and working order. The transfers made pursuant to this section shall be made on the first day of each month of each operating year and shall be in an amount estimated to be sufficient to provide for all expenses which will be payable out of the Operation and Maintenance Fund during the period commencing on the second day of such month and ending on the first day of the next succeeding month. If by reason of an under-estimate the amount so transferred on the first day of any month shall prove to be insufficient, additional money may be transferred from the Receiving Fund during the period.

(b) **Bond and Interest Redemption Fund.** From the remaining revenues in the Receiving Fund not required to be set aside in each operating year for operation and maintenance as above provided, there shall next be set aside into a fund to be known as the "Bond and Interest Redemption Fund," such amount as will be fully sufficient to pay all principal and interest falling due on January 1 of each operating year and on July 1 of the next succeeding operating year on all bonds and obligations payable therefrom, including both the bonds and the future bonds. Payments into such fund shall be made monthly from the Receiving Fund on the first day of each month to the Chicago paying agent above named, and shall be made in nearly as equal proportioned installments so that each monthly payment will constitute, as nearly as possible, one-twelfth of the entire amount required to be so paid into the Bond and Interest Redemption Fund in such operating year. In addition there shall be paid into such fund all accrued interest received from the purchaser of the bonds.

There is hereby established in the Bond and Interest Redemption Fund for the benefit of the bonds and the future bonds a separate account to be known as the "Reserve Account" into which there shall be paid at the end of each operating year all money in the Receiving Fund not hereinabove required to be paid into the Operation and Maintenance Fund and into the Bond and Interest Redemption Fund until such time as there has been accumulated in said Reserve Account the sum of \$50,000. Payments so made into the Reserve Account shall be made in the minimum amount of \$5,000 in the operating year ending June 30, 1951, \$20,000 in the operating year ending June 30, 1952, and \$25,000 in the operating year ending June 30, 1953. Money shall be taken from the Reserve Account to pay principal or interest on bonds due to which there would otherwise be default, and all sums so taken from the Reserve Account shall be restored from the first moneys thereafter available in the Receiving Fund and not required to be paid into the Operation and Maintenance Fund and the Bond and Interest Redemption Fund. The money in the Reserve Account shall not be regarded as moneys otherwise appropriated or pledged for the purpose of determining the sufficiency of funds available for the redemption of callable bonds.

(c) **Replacement Fund.** From the remaining revenues in the Receiving Fund in each operating year after the payments above required to be made have been made and after all deficits which may exist in payments from previous years have been remedied, there shall next be set aside into a fund to be known as the "Replacement Fund" from the money remaining in the Receiving Fund at the end of each operating year the sum of \$250 in each of the operating years ending June 30, 1951 and June 30, 1952, and \$5,000 annually thereafter until such time as there has been accumulated in such fund the sum of \$35,000. Thereafter there shall be placed in said fund such sum in each year as may be necessary to replace any payments made therefrom. In order that there be accumulated in said fund the sum of \$35,000, the fund may be maintained at that level. The money in the fund shall be used solely for the purpose of making major repairs and replacements or extensions and improvements to the system for which the money in the Operation and Maintenance Fund is not sufficient.

(d) **Surplus.** All money remaining in the Receiving Fund at the end of each operating year after all payments hereinabove required to be made from such fund have been made and after all deficits which may exist from previous years have been remedied shall be deemed to be surplus and may be used for any lawful corporate purpose, including the making of improvements and extensions to the system and the retirement through purchase or redemption of bonds payable from the revenues of the system.

In the event that moneys in the Receiving Fund are at any time insufficient to provide for the current requirements of the Operation and Maintenance Fund or the Bond and Interest Redemption Fund, any moneys and securities then in the Replacement Fund shall be transferred first to the Operation and Maintenance Fund and second to the Bond and Interest Redemption Fund to the extent necessary to make up any deficit therein, but all moneys so transferred to the Replacement Fund shall be reimbursed to said fund from the first moneys thereafter available in the Receiving Fund not required to be paid into the Operation and Maintenance Fund and the Bond and Interest Redemption Fund.

The foregoing provisions of this Section shall be subject to the provisions of the City Treasurer, Escanaba, Michigan, is hereby designated as custodian of the revenues for the purposes of this ordinance, except that the Bond and Interest Redemption Fund shall be held by the Chicago paying agent as above provided. The money in the fund shall be held in the manner required by the laws of Michigan pertinent thereto. The money held in the Bond and Interest Redemption Fund, including the money held in the reserve, shall be held as a trust fund to be used solely for the purpose of paying principal and interest and redemption premiums on the bonds payable therefrom.

Money in the funds hereinabove established, except the Receiving Fund and the Operation and Maintenance Fund and except money in the Bond and Interest Redemption Fund which is being accumulated for the payment of the next maturing principal and

interest, may at the request of the Council be invested in direct obligations of the State of Michigan or of any other bonds or securities of the State of Michigan. All such obligations shall be kept on deposit in the bank having on deposit the fund from which the purchase money shall be paid, and the proper fund and shall be liquidated from time to time at prevailing market rates and shall be used for the purposes for which such fund is herein established.

Section 9. That the city hereby covenants and agrees with the successful bidder to the purchase of the bonds and the coupons representing interest thereon, that so long as the bonds remain outstanding and unpaid as to either principal or interest:

A. The city will maintain the system in good repair and working order and will operate it efficiently and will faithfully and punctually perform all duties and obligations of the system required by the Constitution and Laws of the State of Michigan, including the maintenance of the system and the rates for water and services rendered by the system and the segregation and application of the revenues of the system in the manner provided in this ordinance.

B. The holder or holders of the bonds and the future bonds amounting to not less than twenty per cent of the total of such bonds at any time outstanding may, at their option, by suit, action, mandamus or other appropriate proceeding, protect and enforce the payment of the revenues of the system and enforce and compel performance of all duties of the city and its officials, including the fixing of sufficient rates, the collection of revenues, and the proper segregation and application of the revenues of the system, provided however, that such statutory lien shall not be a lien in favor of the holder of the bonds but shall be a lien in favor of the system and to provide for the payment of the expenses of operating and maintaining the system.

D. The city will fix and collect rates and charges for all water and services supplied by the system, fully sufficient to make good the allowance for delinquencies in collection, to provide for the payment of the expenses of operating and maintaining the system and such expenses for maintaining the system as may be necessary to preserve the system in good repair and working order, to provide for the payment of interest on and principal of all obligations payable therefrom, including the bonds herein authorized, and as when the same become due and payable, and to create the reserve therefor hereinabove required, and to build up a Replacement Fund for the purpose of making major repairs and replacements or extensions and improvements to the system for which the money in the Operation and Maintenance Fund is not sufficient.

E. The city will not permit free water or service to be supplied by the system to the city or any department thereof or to any person, firm or corporation, public or private, or to any public agency or instrumentality. The reasonable cost and value of all water and service rendered to the city and its various departments by the system, including an annual payment of not less than \$40.00 for each fire hydrant connected to the system, shall be charged against the city and will be paid for as the service accrued, from the city's current funds, including the proceeds of taxes which will be levied in an amount sufficient for that purpose. All payments so made shall be considered revenues of the system and shall be applied in the manner hereinabove provided for the application of the revenues of the system.

F. The schedule of rates and charges now in force in the city for the sale of water and for water service shall be regarded as the initial schedule of rates and charges to be made pursuant to this ordinance, but shall be subject to such increase and revision from time to time as may be necessary to carry out the provisions of this ordinance. Every bill shall be regarded as delinquent if it is unpaid thirty days from the date it is mailed. Where premises receiving water service are occupied by a tenant rather than by the owner, a renter's service deposit equal to the minimum quarterly charge for such service, but in no event less than \$10.00, shall be made by the tenant. The city shall hold such deposit during the use of the service by such tenant and upon discontinuance of such service by such tenant shall deduct from the deposit any amount due and unpaid for water and service therefor, and shall refund the balance if any shall be refunded to such tenant.

Charges for water and services applied by the system shall constitute a lien on the premises served and if not paid within six months shall be certified by the official in charge of the collection thereof to the tax assessing officer and shall then be entered upon the next tax roll as a charge against such premises and shall be collected and the lien thereof enforced in the same manner as general city taxes against such premises are collected and the lien thereof enforced. Such certification shall be made annually to the tax assessing officer on June 1 of each year and there shall be included in the certification all charges which shall have reached the six months delinquent status at any time during the twelve months preceding such June 1, except for any bills which may have become so delinquent but as to which such delinquency shall have been remedied prior to June 1. All provisions of the laws of Michigan and the city charter applicable to the time and manner of collection of taxes levied against real estate in the city shall be observed in the collection of such charges, provided however, that in all cases when a tenant is responsible for the payment of any such charge and the City is so notified in writing, such notification shall include a true copy of the lease of the affected premises, and if the one, then no such charge shall become a lien against such premises from and after the date of such notice. In the event of the filing of such notice the city shall render no further service to such premises until the cash deposit for which provision is hereinabove made shall have been made as security for the payment of such charges.

In addition to all other lawful enforcement methods the city agrees and covenants to enforce all charges for water and service supplied to any premises by discontinuing the water service to such premises if any such charges shall have been delinquent for a period of more than sixty days.

G. The city will maintain and keep proper books of record and account separate from all other records and accounts in which shall be made full and correct entries of all bills and charges relating to the system. Not later than three months after the close of each fiscal year the city will cause to be prepared, on forms furnished by the Municipal Finance Commission of the State of Michigan, a statement in reasonable detail, sworn to by its chief accounting officer, showing the receipts and disbursements of the system during such fiscal year, and the assets and liabilities of the system at the beginning and close of such year and such other information as is necessary to enable the taxpayer of the city, user of the services of the system, or any holder of any of the bonds or an agent acting in his behalf, to be fully informed as to all matters pertaining to the financial operation of the system during such fiscal year. A certified copy of such statement shall be filed with the Municipal Finance Commission and the original purchaser of the bonds, and such statement and books of record and account shall at all reasonable times be open to inspection by any such taxpayer, user of the service, or holder of the bonds, or an agent acting in his behalf. There shall also be made annually an audit of such books for the preceding fiscal year by a recognized independent firm of certified public accountants, which audit shall be filed with the City Clerk and a copy of which shall be sent to the original purchaser of the bonds, not later than six months after the close of the fiscal year.

Each such audit, in addition to whatever other matters may be thought proper by the accountant, shall be included therein, shall include the following:

(a) A statement in detail of the income and expenditures of the system at his fiscal year, close of the end of such fiscal year.

(b) A balance sheet as of the end of such fiscal year.

(c) The accountant's comment regarding the manner in which the city has carried out the requirements of this ordinance, and the accountant's recommendation for any change or improvement in the operation of said system.

(d) A list of the insurance policies in force at the end of the fiscal year, setting out as to each policy the amount of the policy, the risks covered, the name of the insurer and the expiration date of the policy.

(e) The number of metered water customers at the end of the year and the number of unmetered water customers at the end of the year.

All expenses incurred in the making of the audits required by this section shall be regarded and paid as a maintenance and operation expense. The city agrees to furnish a copy of each such audit to the holder of any of the bonds at his request at the close of each fiscal year, and that any such holder shall have the right to discuss with the accountant making the audit the contents of the audit and to ask such additional information as he may reasonably require.

H. The city will maintain and carry for the benefit of the holders of the bonds on all physical properties of the system insurance of the kinds and in the amounts normally carried by public utility companies engaged in the operating of water systems. The city will also carry adequate public liability insurance. All moneys received for losses under any such insurance policies, except public liability policies, shall be applied solely to the replacement or restoration of the property damaged or destroyed, and to the extent not so used, shall be used for the retirement of as many of the bonds as can be retired therewith through redemption or through purchase at a price not greater than the currently prevailing redemption prices.

I. The city will not sell, lease or dispose of the system or any substantial part thereof until all of the bonds have been paid in full as to both principal and interest.

J. The holder of the bonds from time to time shall be entitled to exercise all rights and powers for which the city is bound to provide, and the right to apply for the appointment of a receiver for the system, in all respects as though said rights and powers were herein set out in full.

K. The bonds shall enjoy complete parity of lien on the revenues of the system despite the fact that any of the bonds may be delivered at an earlier date than any other of the bonds. The city will issue no other bonds or obligations of any kind or nature payable from or enjoying a lien on revenues of the system having priority over or parity with the bonds herein authorized, provided however, that bonds may hereafter be issued on a parity with the bonds herein authorized under the following conditions:

(a) The average annual net revenues of the system for the three completed operating years immediately preceding the issuance of the additional obligations, or the net revenues of the system for the completed operating year immediately preceding the issuance of the additional obligations, whichever is smaller, must be equal to not less than 125% of the largest amount of principal and interest payable from the Bond and Interest Redemption Fund in any future operating year. Net revenues for the purpose of this paragraph shall be considered to be the gross revenues of the system after there have been deducted therefrom the current expenses of administering and operating the system and such current expenses for the maintenance thereof as may be necessary to preserve the system in good repair and working order.

(b) The payments required to be made on the various funds provided in Section 8 hereof up to the time of the issuance of the additional bonds must have been made in full.

(c) There must be sufficient moneys in the Bond and Interest Redemption Fund, including the reserve, to pay all principal and interest on the bonds payable therefrom, which principal and interest become due during the twelve months' period next succeeding the issuance of the additional bonds.

(d) The additional bonds must be payable to principal on January 1 or July 1 or both, of each year in which principal falls due on the bonds payable on January 1 and July 1 of each year.

(e) The proceeds of the additional bonds must be used solely for the making of improvements and extensions to the system.

(f) The city will not grant a franchise to any competing water system or service for operation within the boundaries of the city.

M. The provisions of this ordinance shall constitute a contract between the city and the holder or holders from time to time of the bonds and after the issuance of any of such bonds no change, variation or alteration in the provision of this ordinance may be made. The provisions of such contract shall be enforceable by appropriate proceedings to be taken by such holder or holders either at law or in equity.

Section 3. That this ordinance shall be published once immediately following its adoption in a daily newspaper published and having circulation in the city.

Section 4. That the urgency for the construction of the improvements and extensions to the city's waterworks plant and system which are to be made with the proceeds of the bonds authorized by the ordinance herein amended creates a public emergency making it necessary for the immediate preservation of the public peace, health and safety that this ordinance be finally adopted at the meeting at which it is introduced and that this ordinance become effective immediately upon its passage and it is so ordained.

Adopted and approved April 5, 1951.

PETER N. LOGAN, Mayor.

Attest: GEORGE M. HARVEY, City Clerk.

Personals

WELLS, Mich. — Keith MacKnight, Chemical Plant location, motored to Iron Mountain Sunday to visit John Crandle, who is a patient at the Veterans hospital. He was accompanied by Mrs. Crandle.

Mr. and Mrs. Kenneth Besson and family and Allan and Maxine Crandle of Brampton were visitors at the Keith MacKnight home recently.

Mr. and Mrs. Elijah MacKnight, Chemical Plant location, motored to Iron Mountain Wednesday to bring home Mrs. MacKnight's brother-in-law, John Crandle, who has been a patient at the Veterans hospital.

Mother's Tip Leads To \$32,800 Cache Of Missing Jewelry

NEW ORLEANS —(P)—An expert mother's tip led FBI agents to a \$32,800 cache of missing jewelry stacked away in a bank deposit box here.

Carrying out a court order, agents opened a deposit box and found a platinum diamond bracelet valued at \$24,000, a diamond wristwatch, ear rings and clip pin.

They matched a description of pieces missing from about \$90,000 worth of jewelry bought from New York dealers last October by Ephraim Lishansky. The dealers say Lishansky paid for them with a check that bounced.

About \$63,000 worth of the gems was recovered when Lishansky was arrested in Pasadena, Calif., in January. Lishansky and his wife operated a jewelry store at the time.

The 33-year-old former jeweler is now in federal prison at Milan, Mich., on charges in connection with the check. Mrs. Lishansky, 23, who is expecting her second child in the fall, is in Wayne county jail at Detroit on similar charges.

Meters Take \$175,514

KALAMAZOO —(P)—In their first two years of operation, Kalamazoo's parking meters have taken in \$175,514. Approximately \$45,000 has been used to buy property for a new off-street parking lot.

Harriet's life is a busy one. She's chief cook, bottle washer and grocery buyer for a hungry husband and three lively youngsters who call her

"mom". She doesn't have time to go from store to store pricing things before she buys, but she does have to figure costs closely to make both ends meet. It's simple for Harriet

because of her daily newspaper. She sees advertisements from all the stores and plans her shopping right in her own living room. She sees pictures and prices of that winter coat for five-year old Susie. She finds where she can buy the skates that eight-year old Tommy wants. She sees a bargain on the shirts Dad likes best.

But that isn't all her daily newspaper does for Harriet. It tells her about Aunt Mary's 70th birthday party. She enjoys seeing pictures of the wedding she attended yesterday afternoon. She learns what's happening in the world. She reads the Woman's Page for practical tips on how to improve her home and do it the easy way.

Yes, Harriet's a busy woman. She relies on her daily newspaper to help her with her work . . . to keep her informed about world affairs and to bring her relaxation. Her daily newspaper does that for her . . . and you too.

YOUR NEWSPAPER IS YOUR EVERY DAY PARTNER . . . SERVING YOU IN COUNTLESS WAYS.

Hadassah Will
Observe Jewish
Child's Day

The Escanaba chapter of Hadassah, Women's Zionist Organ of America, will participate in the world-wide observance of World Jewish Child's Day Sunday, April 8. Mrs. Sam Coplan who is chairman of the Child's Day committee announces.

Proclaimed for the first time last year by the Youth Aliyah (immigration) Department of the Jewish Agency for Palestine, World Jewish Child's Day will be celebrated to help build a bridge of friendship between Jewish children, once victims of persecution, but now thriving citizens in the young democracy of Israel, and the children of free democracies elsewhere. Hadassah is the official representative of Youth Aliyah in the United States.

Jewish Child's Day will serve to point up the tremendous accomplishments of the Youth Aliyah rescue movement and the equally tremendous task that remains to be done for the tens of thousands of Jewish children who still await deliverance in the impoverished, and persecution-ridden ghettos of the world, it is emphasized.

Since its inception in 1934, Youth Aliyah has reclaimed some 50,000 Jewish children, mostly orphans, from the clutches of almost certain death and has resettled them in Israel where they have assumed the role of productive citizens in their new democratic homeland.

Nevertheless, Youth Aliyah's job is only half done. There are still thousands upon thousands of Jewish youngsters behind the Iron Curtain, in North Africa and in the Arab lands who look to us as their only hope to get to Israel, the chairman states.

It is "imperative that all our resources and energies be mobilized now, so that we may rescue these children while there is still a chance. With the tense international situation this may be our last opportunity to deliver these children to Israel. We cannot fail."

Silk Is Good
Spring Material

Some luxurious fabrics—especially silk—are in good supply on the market this spring, Stephanie Bayor Winkler of the Michigan State College school of home economics, said today.

Shantung, an already popular fabric with most women, is appearing in many weights and complete range of colors. It is also available in prints.

Silk manufacturers are offering a crisp, sheer organdy either in plain colors or printed. Another fabric which is being promoted is a heavy-weight silk fabric which is designed to be used for the popular pyramid silhouette coat. Several choices can be made from this group. Such fabrics as faille, armure taffeta and surah are readily accepted.

All of these silk fabrics are found in many styles of ready-to-wear or you may choose them from the yard goods department.

Proper care is essential for silk fabrics, the home economist points out. Like all other delicate things, it is first important to find out if the fabric is washable. Many fabrics will bleed or the colors will run when washed. If care is not used in handling the fabrics when wet, they can be ruined.

Never soak fabrics made of silk. Use a mild soap. Should the fabric become limp, a light starch rinse may be used on the light pastel colored fabrics, and a gum arabic rinse for the darker colors.

UP TO SCRATCH—New York's eyebrows raised when they recently got a glimpse of Juliette Marglen's fingernails. After 28 years in Hollywood caring for screen stars' nails, she believes long nails enhance a woman's attractiveness. Her right hand has "short" nails (for shaking hands) while those on her left hand (for glamor) are 3 1/2 inches long.

NINE MINUTES AFTER her sister, Mrs. R. J. Sjoquist of Gladstone, gave birth to a son, Douglas at St. Francis hospital in Escanaba, Mrs. John Baum of Milwaukee welcomed a son, Jeffrey Roger, shown here with her at St. Michael's hospital. The babies, the first grandsons of Mr. and Mrs. Peter Wurth, were born Friday, March 30, the 58th birthday anniversary of the grandfather. (Photo Courtesy Milwaukee Sentinel)

Mr. and Mrs. Elmer Johnson, Escanaba Route One, are the parents of a daughter, Betty Lou, who weighed six pounds and fourteen ounces, born Thursday, April 5, at 1:45 p. m., at St. Francis hospital. Mr. and Mrs. Johnson have another daughter, Bertha Lee.

Mr. and Mrs. Leonard E. Lantaville, Wilson Route One, are the parents of a daughter, Beverly Ann, who weighed seven pounds and twelve ounces at birth April 3 at St. Francis hospital.

A daughter, Sharon Ann, was born to Mr. and Mrs. Leo J. Laviolette, 626 South 17th street, April 5 at St. Francis hospital. The baby's weight was seven pounds and one ounce.

Mr. and Mrs. Albin P. Peterson, 905 South 19th street, are the parents of a daughter, Sheila Kay, born at St. Francis hospital April 5. The baby weighed six pounds and two ounces.

Mr. and Mrs. George C. Anderson, Gladstone Route One, are the parents of a son, Robert L., born at St. Francis hospital April 5. The baby weighed eight pounds.

Arleen Severinsen
Receives Cap

Arleen Severinsen of Escanaba, student nurse at St. Mary's School of Nursing, Milwaukee, received her cap in ceremonies held there recently. Arleen, a daughter of Mr. and Mrs. Hubert Severinsen, entered nursing school following her graduation from Escanaba senior high school.

Banking Film
At Club Meeting

The Escanaba Business and Professional Woman's club program at the regular dinner meeting at 6:45 Tuesday at the Sherman hotel will feature a film on banking Miss Alice Potter, Miss Ethel R. Gilmore and Mrs. Jack Eden are members of the committee for the evening.

Personals

Second Lt. Kenneth Swanson of Fort Riley, Kan., and his guest, Miss Sally Prim, who have been visiting his grandmother, Mrs. Natalie Bray, 1323 Ludington street, have left for Chicago, Miss Prim's home. Lt. Swanson will return to Green Bay to visit his mother, Mrs. Peter Willem. Mrs. Bray also has gone to Green Bay for a visit at the Willem home.

Mr. and Mrs. Ernest C. Villeneuve, 1825 Third avenue south, left yesterday for Milwaukee to attend the wedding of Miss Ruth Bienenstock and their son, Donald J. Villeneuve, which took place at 10 this morning at the Church of the Gesu.

Mr. and Mrs. Harold Winchester 617 South 18th street, left this morning for Tomahawk, Wis., where Mr. Winchester will attend the Paper Makers District Tri-State council convention. Mr. Winchester is an officer of the local 209 International Brotherhood of Paper Makers of Escanaba.

Mrs. Fred E. Jaeger, of Villa Park, Ill., is visiting with her father, Peter Younger, at the Charles Johnson home, 626 South 12th street. She will return to her home Sunday.

University of Michigan students who will spend the spring vacation at their homes are Ted and Jim Chapek, Dick Danielson, Jack Edick, Pat Farrell, who will visit at the St. Martin home, 509 South 9th street, Jim Prokos and Jon Baldwin.

Mrs. C. G. Friets and daughter Mary, 815 Third avenue south, left this morning for Green Bay.

Mr. and Mrs. Bob Anderson and Patty Jean, 417 South eighth street, left this morning for Milwaukee. They will visit with Mr. and Mrs. Milton Ness.

Mr. and Mrs. Peter Logan, 415 South 8th street, left this morning for Chicago where they will visit with relatives and friends.

Mrs. Glenn Abrahamson and baby Kris, returned to Chicago this morning after visiting at the home of her mother, Mrs. Carl Peterson, 514 South 15th street and attending the funeral of Stanton E. Abrahamson.

Robert Nelson, son of Mr. and Mrs. Albert Nelson, 816 South 16th street, who has been home on a 2 weeks' furlough, left this morning for Camp McCoy, near Sparta, Wis. From Camp McCoy, Robert will leave for school in Chicago.

Pfc. Fred T. Hjort, grandson of Mr. and Mrs. James Hjort, 1512 First avenue south, left this morning to return to Scott Air Force Base, Belleville, Ill. Pfc. Hjort spent a 15 day furlough in Escanaba.

Mrs. N. Zwierling of Chicago left this morning to return to her home. Mrs. Zwierling has been in Escanaba since the accident, March 28, in which her husband and Alan Arden were injured. Mr. Zwierling and Mr. Arden are still in St. Francis hospital. Mrs. Zwierling advises that they are improving slowly, but will remain in the hospital for several weeks more.

Mrs. Richard Hoyler, 302 Lake Shore Drive, has returned from Fargo, North Dakota. Mrs. Hoyler spent the winter with her daughter and family, Mr. and Mrs. Mark Andrews.

Mrs. Howard LeDuc, 101 Harper avenue, Evansville, Ind., returned to her home this morning after attending the funeral of her grandmother Mrs. Nelson Cook, sr., 517 South 11th street.

Mr. and Mrs. Ernest Lafrenier, 226 North 18th street, left this morning for Chicago where she will visit with her daughter and son-in-law, Mr. and Mrs. George Borman.

Gary Abrahamson, son of Mrs. Stanton Abrahamson, 1413 Third avenue south, left this morning to return to Lackland Air Force Base, San Antonio, Texas. He was called by the death of his father.

Mr. and Mrs. Roy Jensen, Lake Shore road, left this morning for Boston where they will attend the National Fishing Institute, of which Mr. Jensen is a director. From Boston they will go to Washington, D. C. on price board business. They will be away about two weeks.

Mr. and Mrs. J. J. Martin, of Michigan, attended the funeral of Mrs. Nelson Cook, sr. They will return home today.

Mr. and Mrs. M. J. Tonkin, 908 South 14th street, have returned from a two months vacation in St. Petersburg, Florida.

FOR
BETTER LIVING

The Southbridge

Good Sized Rooms
Are A Feature Of
This Ranch House

Rooms Nine
Bedrooms Four
Closets Eight
Cubage

House 29,900 ft.
Garage 3,500 ft.

Dimensions
Overall 73'x27'

The attractive front entrance, protected by the slight roof overhang, opens on a foyer. Glass panels at either side of the door help to make both the entrance and the foyer more charming; also serve the practical purpose of providing light for the foyer. A large coat closet, located in the back wall of the foyer, is a splendid spot to hang visitors' wraps etc.

Pleasant Dining Room
A wide open arch in the left wall of the foyer leads to the living room; the arch on the right leads to the 12 foot square dining room.

Measuring 12'x8' the sun and breakfast room is destined to be one of the most popular rooms in the house.

Reached directly from the dining room by two doors, the sun and breakfast room has a bank of windows in the front bay as well as three windows in the right wall. These, of course, account

for much of the charms of this delightful and certain-to-be-appreciated room.

Placed at the end of a central hallway, and connected directly with the dining room by a door, the kitchen is long and narrow; planned to make kitchen chores as easy as possible. The stove and refrigerator, with a working counter between them, are placed against the left wall of the 13'x9' room. There's a broom closet between the refrigerator and the back wall.

More working counters are arranged in an L along the front and right walls, with the sink under the double windows facing the side yard. A door in the back wall leads to the back porch while another, in the right wall leads to the 10'x7' laundry.

Well Lighted Laundry
With two windows in the back wall and two in the front, the laundry receives plenty of light. Access to both the front and back yards is provided by the door in the front wall and the door in the side wall. Protected entrance to the garage also is provided from the laundry.

Cross ventilation and ample light are provided in the garage by a window in the right wall and another in the left. You'll find sufficient space in the 20'x11' garage for storing screens, garden tools etc.

The bank of windows in the front wall of the spacious living room is one of the most attractive features of this room, and of the entire house. In the back wall of the 20'6"x13' room, the massive

fireplace and the built-in bookshelves help to enhance the appearance of the room at the same time as they serve their practical purposes.

Two windows in the back wall provide good light and ventilation for this 14'x9'6" room; the large closet in the left wall will come in handy whether you decide to use the room as a den or as a bedroom.

In the left wing of the house are the three other bedrooms of "The Southbridge"; they're connected by a hallway. A shorter hall leads from the living room to this connecting hallway. The all modern bath is located to the left off this hall while a large linen closet is placed directly across the hall from it.

The two windows in the back wall provide plenty of light for the back bedroom, while the two closets provide plenty of storage space. Measuring 15'x9', this is the largest of the bedrooms and is designed to serve as the master bedroom.

Cross ventilation, from the window in the left wall and the other window in the back wall, makes the corner bedroom comfortable as well as attractive. The large closet in the right wall is certainly of ample size to suit the storage needs of the occupant of this 15'4"x13' bedroom.

Measuring 13'4"x12'6" the front bedroom also boasts cross ventilation plus a spacious closet.

Blueprints Available
Complete plans and specifications for this house and all other "Home of the Week" designs are available at moderate cost.

For plan prices, write to the Home Building Editor, Dept. 15, Daily Press and enclose a self-addressed, 3 cent stamped envelope. Allow 7 to 10 days for a reply.

Third Party Proposal Turned Down By UAW

CLEVELAND—(AP)—Rejecting a third-party-now proposal, the CIO United Auto Workers took sort of a "give 'em another chance" attitude about the Republicans and Democrats.

But the UAW convention took the stand that there'll have to be some changes made within a year or the 1,250,000-member union's support will go elsewhere in 1952.

A minority resolution calling on the United Labor Policy committee to lay the groundwork immediately for a labor party was turned down by the convention. The vote at least five-to-one against it.

A RUSCO
Porch
Enclosure

WILL ADD AN ADDITIONAL ROOM TO YOUR HOME

With a Rusco Porch Enclosure you can convert your open porch into a charming, livable year 'round room, and at a surprisingly low cost.

This is the practical and economical method of adding a room to your home that you can really enjoy all seasons of the year. It is a weather-tight, snug, sun parlor fall and winter, and a breezy, cool, well-ventilated screened-in room during the summer months. A Rusco Porch Enclosure using Rusco Combination Windows offers instant year 'round weather protection — glass sash in winter, filtered screen ventilation in summer with nothing to change and nothing to store. Adds to the appearance of your home, and can be purchased on convenient payment plan.

Call today for complete details at no obligation, of course.

Question: How should wood be prepared before painting.

Answer: There are three essentials: CLEAN, SMOOTH AND DRY. Knots or pitch spots should be covered with a suitable sealer such as shellac.

"Our 39th Year"

Population Estimated From Month to Month

By ROBERT E. GEIGER
AP Newsfeatures Writer
WASHINGTON—U. S. census experts now can estimate the nation's population month by month so accurately that the top population forecaster, Jacob Siegel, without peeking at the figures the nose counters were gathering, estimated within 81,000 people of what the 1950 official census would total.

In a population of 150,697,361 people, the 1950 census total, this was an error of less than 1/10 of one per cent. For most census purposes this can be considered virtually perfect.

The United States constitution instructed officials to count noses every ten years and report the total to Congress. The main purpose was to establish the number of representatives each state should have in Congress. Representation is based on population.

But many other reasons have arisen why the country needs to know, more frequently than once in 10 years, how many people it contains.

If the birth rate is rising cradle makers would like to know about it so they can build more cradles. And if there are more old people the eye-glass makers would like to hear about that. The Census Bureau gets hundreds of requests from business people.

The experts have developed a system of estimating population every month and have been doing it since 1940.

They keep close track of birth statistics. They have to estimate these in some states because of incomplete records. But most states now keep fairly accurate records.

They subtract the number of deaths from the total births. There always have been more births than deaths in the United States.

Then the experts study statistics on people who came into this country from foreign nations and those who left the United States to live elsewhere. This shows the net gain or loss from migration.

All these figures are compiled on a month-to-month basis. Starting in the month following each 10 year census, the monthly gain is added to the 10-year census total, considered accurate because it is an actual count of noses.

Thus last April, 120 months had elapsed since the previous census count. Siegel, making his April estimate, said there were around 150,778,000 people in the United States, over-estimating by 80,639.

It is easier to estimate total U. S. population than a state's population.

The states do not keep records on persons who move from one state to another. But the U. S. government keeps accurate records on people who cross its international boundaries—it hopes.

The only ones not counted are spies and a few other aliens who may be smuggled in, officials say.

Peninsula Airports Ask For Funds To Make Improvements

LANSING—(AP)—A bill to appropriate \$965,000 to match local and federal funds for 13 airports in Michigan was introduced in the Senate.

The bill, filed by Senator Perry W. Greene (R-Grand Rapids), would provide the money for the improvement of existing airports specified.

The proposed allocation:
Berrien county, Twin-City airport, \$30,000; Calhoun county, Kellogg airport, \$25,000; Clinton-Ingham counties, Capitol City airport, \$200,000; Dickinson county, Ford airport, \$15,000; Genesee county, Bishop airport, \$10,000; Gogebie county airport, \$10,000; Kent county airport \$200,000;

Marquette county, I. L. Sawyer airport, \$15,000; Menominee county airport, \$12,500; Muskegon county airport, \$37,500; Wayne county, Detroit-Wayne Major air-

GIGANTIC GROWTH

If a single oyster lived until it had great-great-grandchildren, the shells of all its offspring would make a pile eight times the size of the earth.

First ski club in the United States was organized in 1882 at Berlin, N. H., by a group of Scandinavians.

Eggs deteriorate as much in three days of 99-degree weather as they would in two months at 45 degrees.

port, \$250,000 and Willow Run airport, \$160,000.

Heavy Smelt Run Indicated

Commercial Fishing Harvest At Peak

There is a good omen for spring smelt dippers in the winter catch report of Michigan commercial fishermen, the conservation department observes.

The best January and February smelt haul in 10 years, 836,000 pounds, was made on Michigan Great Lakes waters. Lake Michigan, primarily Green Bay, accounted for the entire catch.

The large smelt tonnage compensated for small catches of nearly all other species and boosted total production slightly over that recorded for the comparable two-month period last year. About 1,752,000 pounds of fish of all species were netted, 1,742,000 pounds before, although the ice fishing season was shorter than usual on Green Bay and other locations.

Herring Catch Down

Good harvest of carp in Saginaw Bay hiked production of this species to 200,000 pounds for the second best report. The 1950 two-month total was 126,000 pounds. Herring, which topped period production last year, was down about 60 per cent to 155,000 pounds for third place.

Catch of lake trout, chief victim of the sea lamprey, was down to 33,500 pounds, 58,000 pounds before. With exception of two pounds from Lake Michigan, all was from Lake Superior.

Production Figures
Other main species accounting for smaller hauls during the period were yellow pike-perch, 142,000 pounds; whitefish, 115,000 pounds; suckers, 91,000 pounds; mullet, 73,000 pounds; and chubs, 63,000 pounds.

Total harvest by lakes: Michigan, 1,415,000 pounds; Huron 257,000; Superior, 79,000; and Erie, 1,300 pounds. Michigan portion of Lake Erie is closed December -- March 10 for all commercial fishing except carp seining.

Name Moran Officer In U. Of M. Union

ANN ARBOR — John Kathe, Elyria, O., and James Moran, Escanaba, Mich., have been named top officers of University of Michigan Union for 1951-52, and were installed Thursday night at the Union's annual banquet.

Kathe is president and Moran recording secretary, it is announced by Dean Erich A. Walter, chairman of the Union's seven-man selection committee. Both Kathe and Moran are members of the Union's executive council.

Moran, 20 years old, is chairman of the Union's personnel committee this year and has served on the student legislature. He holds memberships in Sigma Phi, Pi Sigma Alpha, Phi Eta Sigma and Sphinx.

A graduate of Escanaba High school Moran's parents are Mr. and Mrs. John J. Mitchell, 1012 Seventh avenue south.

Hospital

Albert Constantineau, 320 North 21st street, has entered the Veterans' hospital at Iron Mountain for treatment.

Relations Between U. S. And Britain Strained

By MARQUIS CHILDS

WASHINGTON—The informal yet effective partnership between Great Britain and the United States on foreign policy in recent years may well be at the point of breakup. Boxing the compass from Paris to Korea and Tokyo and back again, you find differences of opinion and approach that are steadily growing sharper.

If this split widens, it can have the most serious consequences for the effort of the free world to defend itself against Communism. Among top policy makers here the impression is growing that domestic political considerations of the British Labor party are conditioning London's policy in a separate and independent direction.

Reports from Britain indicate ironically enough that precisely the same suspicion colors the British attitude toward American foreign policy. The fear in an important segment of the British Labor party is that Republican backing of General MacArthur, plus the desire for a limited war against Communist China, is so strong that efforts to end the Korean conflict must inevitably fail.

New Peace Proposal
Rumors have persisted that Britain was about to come forth with a major new Korean peace proposal. If such a proposal is in fact in the making, it is not at this stage ready for unveiling. A suggestion of Britain's urgent desire for peace in Korea came from the new foreign minister, Herbert Morrison, in his first major pronouncement.

But the highest military opinion, and it is believed the state department holds the same view, doubts the wisdom of Korean peace talks at this time. General MacArthur reports that the Communist Chinese are ready to launch a major offensive with perhaps as many as 63 divisions. Not until that onslaught has been

Married Girls Are Problem In School At Mt. Morris, Mich.

MT. MORRIS, Mich. — (AP) — An estimated 100 of 400 senior and junior high school students struck here against what they claimed was an edict from Superintendent E. L. Clark against five married girls attending classes.

Clark said he had told only one married girl, "who obviously is pregnant," that she would have to study at home, take her tests before or after school hours, and not attend classes.

He said he had told the other four married girls they could continue to attend classes if they brought certificates from physicians that they were not pregnant.

The striking students claimed that besides barring all five married girls, Clark had informed an engaged girl that she would have to return her ring if she remained in school.

The weather forecast forever could be determined by a table printed in 1874 in the Farmers and Mechanics Manual.

successfully held off, the view of military planners, will the time be propitious for talking peace.

On the question of peace with Japan there are also cleavages. In the draft of a peace treaty worked up by John Foster Dulles no restrictions are placed on the right of the Japs to build ships. The British take the view that this right should be sharply curtailed.

Furthermore, according to word reaching Washington, Labor party policy makers in London are encouraging Labor party leaders in Australia to make a strong demand for Japanese reparations.

The Dulles approach to a Japanese peace excludes all reparations on the ground that the Japanese economy can never be

made self-sustaining if goods and services are siphoned off in reparations claims. The reparations demand could be a potent factor in nation-wide Australian elections to be held April 28.

There is the possibility of a further difference over a prospective Pacific defense pact which would, in Dulles' concept, bear a resemblance to the North Atlantic defense agreement. The British want Hong Kong and Malaya included in any such pact. In the American view this would be impractical.

Differences Over Iran
Differences are also developing between the two Western powers over what to do about Iran. The political-economic situation in that oil-rich country is deteriorating so rapidly the British fear a Communist or Communist-dominated government may soon come into power in Teheran. With Iran's oil industry already nationalized, this would almost certainly mean the cutting off of an oil supply vital to Britain and Western Europe.

That threat was one of the problems pressed on Secretary of State Acheson by President Auriol and Foreign Minister Schuman of France during their Washington visit last week. France gets a third of its petroleum supply from the Middle East, chiefly from Iran and Iraq.

The British are for taking strong steps in Iran. This contrasts with American reluctance to move in on what has been made to seem thus far a purely internal affair. In the old days, of course, the British "at the request of the Iranian government" would have moved in a brigade of Anglo-Indian troops and order would have been restored. But with Indian and Pakistan troops facing each other in hostility over Kashmir, the old days are long since gone.

Finally, we come to Paris. Advances to the state department are to the effect that Britain is so anxious for a Big Four foreign ministers' conference that they are willing to make almost any concession on the agenda that

has been so long under dispute. In this view the American representative, Phillip Jessup, is said to be holding the line against such concessions.

Now all these differences may reflect merely the stresses and strains of a difficult period rather than any fundamental break. Anyone who is truly interested in a common front against Communism must hope that this is so, since the partnership is so important to peace and stability.

Pair Arraigned For Taking Car

Go To Jail When Bail Is Not Furnished

Joe Goodwill of Gladstone and Joe Peters of Nahma waived examination when arraigned Friday afternoon before Justice of Peace A. T. Sohlberg on charges of unlawfully driving away an automobile without intent to steal. Bond in each instance was set at \$1,000 and both men were remanded to the county jail when unable to make bail.

Martin Goodwill, Gladstone, a brother of Joe Goodwill, also was brought before Justice Sohlberg for arraignment on the same charge, but a continuance was granted and Goodwill is to be released upon his own recognizance until the latter part of the month.

The trio had admitted taking an auto owned by J. R. Olson from in front of 912 Michigan avenue Wednesday night and driving to Stephenson and back in it. The key had been left in the ignition lock.

Previously the same evening they had made efforts to steal several other autos but their attempts to use jumpers ahead of the ignition switches were not successful.

Police suspect they have been involved in other auto thefts in this area, but questioning has proven unavailing.

It is probable that parole and probation officers will be called in on the Joe Goodwill and Peters cases. The former is on parole from the branch prison at Marquette where he served the minimum of a two to fifteen year term for breaking and entering, while Peters is on five-year probation for breaking and entering.

Church Services

St. Paul's Lutheran—Divine service, 9 Sunday school, 10—Rev. Theophil Hoffmann, pastor.

Bethel Ev. Free—Sunday school (Classes for all ages) 9:45 a. m. Junior church, 10:45. Evangelistic service, 7:30. Sermon topic: "God's Pardon." Special singing at each service.—Rev. Oscar Leander, pastor.

All Saints' Catholic—Masses at 8 and 10. Daily mass at 8. Novena services every Friday evening at 7:15. Confessions Saturday 2 to 4 in the afternoon and 7 to 8 evenings.—Rev. Fr. Matt LaViolette, pastor.

Mission Covenant—Sunday Bible school, 10. Morning worship, 11. Ladies chorus will sing. Evening service, 7:30.—Rev. C. V. S. Engstrom, pastor.

Shower

Mrs. Gordon Marshall was honored at a pink and blue shower held Wednesday evening at the home of her mother, Mrs. George DeRouin, at the Twin Oaks cabins on Lake Shore Drive.

Games were played with Mrs. Alvin Sjoquist, Gladstone, Mrs. Carl Westerberg, Escanaba, and Mrs. Tom Powers being the winners. A special award went to Mrs. Robert Hupy.

A tasty lunch was served at the close of the evening. A cake attractively decorated in pink and white was the table centerpiece.

Mrs. Marshall received many beautiful gifts as mementoes of the occasion.

Arrangements for the party were made by Mrs. Thomas Powers of Escanaba and Mrs. DeRouin.

Madison Square Garden, New York City, was the scene of the first automobile show, held in 1900.

HOW IKE'S COMMAND SHAPES UP

The Newmap above shows general areas of the three major defense commands under Gen. Dwight D. Eisenhower's new Supreme Headquarters, Allied Powers in Europe (SHAPE). Noteworthy is the fact that Eisenhower's command extends into French North Africa, but not into the Middle East and the eastern Mediterranean. This leaves undefined the future role of Greece and Turkey in European defense. The same is true of western Germany. Lines

of command throughout the new military organization aren't too rigid. For example, Adm. Sir Patrick Brind has overall command in Northern Europe, but Gen. Alphonse Pierre Juin commands only the ground forces in the all-important Central Command, while U. S. Lt-Gen. Lauris Norstad commands the air forces there, and French Vice-Adm. Robert Jaujard the Navy.

Tests Given In Public Schools

Series Of Three Are Now Under Way

A series of tests is now being given in the Gladstone public school system, it is learned from Sup't. Wallace C. Cameron.

Reading achievement tests are being given in all of the grades of the primary schools.

Mental maturity tests are being used in the grades from the fourth upward.

In the junior and senior high schools standardized tests are under way.

Briefly Told

Boy Scouts—The Boy Scout troop of the First Lutheran church will meet Monday evening at 7 o'clock at the church.

Trinity Guild—A meeting of the Guild of Trinity Episcopal church is to be held at the home of Mrs. Charles Norton on Bay Shore Road Wednesday afternoon at 2 o'clock.

Luther League—The Luther league of Bethany Lutheran church, Perkins, will meet Monday evening at 8 o'clock at the church. Members of the Rapid River league will be guests at the meeting.

Job's Daughters—A regular meeting of the Job's Daughters is to be held Monday evening at 7:30 o'clock in the Masonic hall. Arrangements are to be made for an inspection in the near future and every member is being requested to be present.

A liquid which can change instantly to a solid and then return to a liquid again is the basic feature of an improved magnetic fluid clutch. Only six inches long and six inches in diameter, the device is capable of carrying enough power to lift one ton 1000 feet per minute.

The mines of Sudbury, Ontario, supply 85 per cent of the world's nickel.

Faculty Contracts Will Be Submitted

Teaching contracts for members of the Gladstone Public school faculty have been prepared and will be submitted to faculty members the early part of next week, it is announced by Sup't Wallace

Cameron. One hundred dollar salary increases are being included in the contract terms in accordance with action of the board of education. Return of contracts must be made by Tuesday, May 15, in accordance with usual custom.

City Commission Will Reorganize

Important Meeting On Monday Evening

In accordance with charter provisions, the city commission met in special session Thursday to canvass the vote cast in the city election Monday and certify the election of Archie Cowen as a city commissioner for three years and of A. Theodore Sohlberg as justice of peace for four years.

Monday evening the commission will meet to reorganize for the year.

At that time the mayor and mayor pro-tem will be named as will two county supervisors.

Gladstone has four supervisors on the county board. The mayor and city assessor hold places on the board by virtue of their offices and the two others are selected by the commissioners.

Fire Truck Is Received

New Machine Is Unloaded Friday

Manistique's new fire truck, ordered last August, arrived Thursday on the 5:30 p. m. Ann Arbor car ferry.

The truck was unloaded from the freight car at the Isackson Bros. ramp yesterday afternoon, and taken to the city shop, North Cedar street, for gassing and oiling. Later it was exhibited at the city fire hall.

An engineer from the American-LaFrance Foamite Corp., manufacturers, is expected within the next few days to give the new truck its final test run after which it will be placed in municipal service. The old American-LaFrance truck, purchased about 30 years ago, will be disposed of.

The truck, costing \$16,006.50, is equipped with a 1000-gallon pumper and five-man cab.

Briefly Told

Nurses' Club—The Manistique Nurses' club will meet at 8 p. m. Monday evening at the home of Mrs. Frank DeCelle, South Cedar street.

School Board—The Manistique board of education is scheduled to meet Tuesday evening in the office of Supt. A. F. Hall, starting at 7:30 p. m.

Ladies' Aid—The Ladies' Aid of the First Baptist church will meet Wednesday at 2 p. m. in the church parlors. Pot luck lunch will be served. A good attendance is desired.

Council Meeting—A regular meeting of the Manistique city council will be held Monday evening at the city hall, starting at 7:30 p. m. Routine business is scheduled.

St. Veronica's Circle—St. Veronica's circle will meet at 7:30 p. m. Monday, April 9, at the home of Mrs. Phil Villeneuve, 436 Oak street. Mrs. John Ozanich will be assisting hostess. All members are asked to be present.

Royal Neighbors—The Royal Neighbors will meet at 8 p. m. Monday at the home of Mrs. Albert Swanson, Manistique avenue. District Deputy Margaret Jones, of Pellston, Mich., will be present. The group will be held at Ishpeming in June. All members are urged to be present.

Observe Syrup Making—Members of Brownie troop No. 8 visited the J. L. LeDuc wood lot, near Indian Lake, on Thursday where they observed the making of maple syrup. They were accompanied by Mrs. Earl LeBrasseur, Mrs. Ralph Williams and Mrs. J. Mauritz Carlson.

Beaver Violation—Herschel Byers, of Hiawatha township, paid a fine of \$10 and costs of \$7.25 in local justice court Friday afternoon for illegal trapping of beaver. Conservation Officer Ernest Derwin, who made the arrest April 5, reported that Byers had set two beaver traps on a beaver dam on Brace creek.

Drunk and Disorderly—Peter Doyle, of Seney, was fined \$6.25 and costs of \$3.75 and also was handed a jail sentence of 10 days after pleading guilty to a drunk and disorderly charge in Manistique justice court Friday afternoon. Failure to pay his fine and costs will result in five more days being added to the jail sentence. He was arrested by state police at Seney on April 5.

Car Accident—A car and house trailer skidded on ice and rolled over on US-2 at Isabella about 8 a. m. Friday, but no occupants were injured. The car, headed west, was driven by Robert Helm and also occupied by Mrs. Helm, John Hill and Jeffrey Otto. All were from Saskatchewan, Canada. A window was broken on the trailer but the car suffered damage approximating \$200, state police reported.

Social

Bridge Club—Mrs. Russell Fagan, 416 Oak street, entertained members of her bridge club Wednesday evening.

Prizes were awarded to Mrs. B. J. Karwoski, high, and Mrs. E. J. Thompson, second.

Mrs. K. P. VanEyck was a guest of the club.

Refreshments were served later.

St. Rita's Circle—St. Rita's circle met Wednesday evening at the home of Mrs. Earl LeBrasseur, 322 Range street. Mrs. A. J. Cayia was assisting hostess.

After the business meeting cards were played with prizes going to Mrs. William Hentschell in bridge and Mrs. William Kefauver in canasta.

Refreshments were served.

Pink and Blue Shower—Mrs. Melvin Anderson, 163

Spec Average Retail Price All Meats

Middleman's Margin

1949	22.3¢
1950	22.3¢

Farmer's Return

1949	33.7¢
1950	36.8¢

Farmer's Increase

1949	3.1¢
1950	3.1¢

TAKE MIDDLEMAN OFF (MEAT) HOOK—The average of all meat prices went up 3.1 cents in 1950, and the farmer—not the much-maligned middleman and retailer—got the whole increase, as Newschart above illustrates. This startling fact is underlined in a Bureau of Agricultural Economics report prepared by Harold Beimeyer, agricultural economist. He says the estimates are rough, not precisely accurate, but adds he'll stand by the general story that the farmers got the gravy.

Church Services

St. Francis de Sales—Sunday Masses at 6, 8, 10, and 11:30 a. m. Daily Masses at 6:30 and 8 a. m. Confessions on Saturdays from 4 to 5 and 7 to 9 p. m. Daily before the 8 o'clock Mass.—Fr. F. M. Scheringer, pastor and Fr. George Pernaski, assistant pastor.

St. Peter's Lutheran (Wisconsin Synod)—Divine service at 10 a. m. Sunday school at 11 a. m.—A. W. Fuerstenau, pastor.

Zion Lutheran—9:15 a. m. Sunday school. 10:30 a. m. Worship service. Sermon: "World's Greatest Poem"—G. A. Herbert, pastor.

First Methodist—Sunday School at 9:45 a. m. Worship service at 11 a. m. Sermon: "You Can Be Alive To God." Prayer Circle Tuesday at 7:30 p. m. Kupples' Club Tuesday at 8 p. m. regular monthly meeting in the church dining room. Junior Choir Friday at 3:45 p. m. at the parsonage.—Edgar M. Smith, pastor.

First Baptist—Morning worship 10 a. m. Message by Rev. Sobel. Sunday school 11:15 a. m. Senior B. Y. F. 7:30 p. m. Message by Rev. Peter Porta.—William H. Schobert, pastor.

Amateur Show Set For May 5

Preliminary Plans For Event Are Made

Preliminary plans for the second annual Manistique Lions club amateur show were outlined at a meeting of the show's executive committee Thursday night.

It was decided to present the show on Saturday, May 5, in the high school auditorium, one performance only. J. Earl Cousineau, of the high school faculty, again has been engaged to officiate as master of ceremonies.

Plans also were approved by the committee for an advance sale of tickets, the recruiting of talent for the show, and the awarding of prizes for the best acts or numbers.

Amateurs between the ages of 10 and 20, who can sing, dance, act or play a musical instrument, are invited to enter the show and compete for prizes.

It was decided that two sets of prizes will be offered, with a first, second and third in each set. One group of three prize-winners is to be selected by the audience, another by three qualified judges. Under the plan approved, six prizes would be paid providing the judges and the audience picked different winners. Wherever the same person or act may be picked by each group, both listed prizes would be awarded to that winner, it was decided.

Association Of School Boards To Meet Wednesday

A meeting of the Schoolcraft County School Boards' association will be held Wednesday, April 11, at the Mueller township school, starting at 8 p. m.

Officers of the association are Keith Bundy, of Manistique, president; Mrs. Virginia Willour, of Mueller township, vice president; and Mrs. Elwood Taylor, of Manistique, secretary-treasurer.

by Maple Grove school. Parents of pre-school children residing at the Heights are asked to bring their children to the Maple Grove school and those residing near the Millar school are asked to take their children to the Town hall school.

Public Party Games

Green Hills . . .

The time is rapidly drawing near when the public must be alerted again about the menace of forest fires. There are no green hills, no flowering valleys, no life in the trail of the forest fire.

The public, and only the public, can prevent forest fires. So the appeal goes out again to be careful, to be on the alert at all times, to make sure that what is growing and green is protected and preserved.

Protect and preserve your wearing apparel, too, by timely dry cleaning in our modern plant.

May 7-12 To Be Clean-Up Week

Final Plans Made Thursday Night

The week of May 7 to 12, inclusive, has been designated "Clean Up" week for Manistique, it was announced at a meeting of the retail promotion subcommittee of the chamber of commerce Thursday evening.

With the city of Manistique co-operating, an effort will be launched to induce all residents to have their premises raked and cleaned by that time.

City trucks will haul accumulated rubbish from the eastside on Monday, Tuesday and Wednesday, May 7, 8 and 9, and from the westside on Thursday, Friday and Saturday, May 10, 11 and 12, it was announced by H. W. Heideman, city manager.

In preparation for the clean-up program, residents are asked to pack their rubbish in metal or cardboard containers and place them near the curb. No container is to weigh more than 75 pounds. To prevent possible rain damage, cardboard cartons should be securely wrapped and tied, the city manager pointed out.

In connection with the campaign Manistique merchants will sponsor a four-day sales promotion under the general theme of "Wake Up, Clean Up, Paint Up and Dress Up," it was decided. Dates for the sale will be May 9 to 12, inclusive.

Merchants also will be invited to feature the clean-up theme in their display windows.

Hand-lettering fast is becoming a lost art—a situation that poses a problem for map makers. To keep pace with its map production, the National Geographic Society has developed its own photo-lettering machine, which does the work of scores of hand letterers.

Free Methodist Church Will Have Revival Service

A series of revival services, commencing Tuesday, April 10, is scheduled at the Free Methodist church, it is announced by Rev. S. B. Dickinson, pastor.

Miss Virginia Bates, of Zanesville, O., will open the revival services and conduct them from April 10 to April 22, inclusive. From April 23 to May 6, inclusive, the services will be conducted by Rev. L. D. Nickelson, of McCarron, Mich.

Evening services will be held each night, starting at 7:30 with a song service and concluding with a message service at 8. Commencing Wednesday, April 11, a service for juniors will be held each afternoon at 4:15 o'clock.

A metal electronic tube may open the way for the widespread electrification of railroads. It is the key unit in new electric locomotives, and is a rectifier that converts alternating electric current from feed lines into direct current for the driving motors.

The human body is said to contain enough phosphorus to make 2000 matches.

Foresters Will Install Officers Tuesday Evening

New officers of St. Francis de Sales Court No. 992, Women's Catholic Order of Foresters, will be installed at a meeting next Tuesday, April 10, at the parochial school, it is announced. Rev. F. M. Scheringer, chaplain, will be the installing officer.

A 6:30 pot luck dinner will precede the meeting, and a social hour will follow.

Arrangements for the session are being made by a committee composed of Mrs. Val Klumpf and Mrs. Peter Rozich.

Ailing Schultz Gets Lift From Placing On All-Time Team

By DWIGHT PITKIN
DETROIT — (AP)—It's grand that they still think of an old-timer.

Michigan's "Paul Bunyan" of football fame had that comment his week when told he had been chosen on the Associated Press' all-time all America team.

At 67, Germany A. Schultz isn't in the best of health and the news that he was again recognized as one of the nation's gridiron immortals came as quite a lift to his spirits.

But he wasn't especially surprised. Schultz knows he was football's greatest center. Ever since he was graduated from University of Michigan in 1908, laurels have been coming his way. Walter Camp first picked him for all America.

"I haven't missed one yet," said Schultz, speaking of honorary teams.

Likes To Fish

Schultz also was delighted that Michigan Coach Bennie Oosterbaan was chosen for the mythical team.

The onetime great roving center is thinking of retiring from the insurance business and taking life easy. "I like to fish," he said.

The "iron man" of football's tough and tumble days, Schultz is convalescing at his home here from an operation for a stomach ailment.

Schultz gave up coaching in 1923 and entered the insurance business after serving as head coach at University of Detroit for a year.

"I had a bellyful of coaching," he said. Previously he had been athletic director at Tulane university and also coached at several other schools.

Illness has cut his weight down to 195 pounds, but he hopes soon to have the normal 235 pounds back on his six foot two frame.

Schultz came out of a Ft. Wayne, Ind., steel mill in 1904 to enter Michigan. His original name was Adolph George Schultz. But he always signs his name Germany A. Schultz. He explained:

"There were two of us with similar names on the Michigan team in 1904. There was Henry P. Schulte. So the other players gave us nicknames to avoid confusion. Schulte had high cheek bones, so they called him 'Indiana.' They called me 'Germany' and ever since I have been known as 'Germany.'"

Greatest Game In 1908

Schultz says he played the greatest game of his career in 1908 against Pennsylvania. It was a game Michigan lost.

"Pennsylvania had a great team with five all America players," he said. "We didn't have any chance of beating them. The best we could hope for was a tie. So the coach (Hurley Yost) took me aside before the game and asked if I could take care of five opponents in the line so Michigan could concentrate its defenses on the ends. I said 'I'd try.'"

"That was the best game I ever played. We had 10 minutes to go before I tore some ligaments in my hip and had to be carried out of the game. The score was still tied 0-0."

But with Schultz sidelined, Pennsylvania won by piling up four touchdowns in the last 10 minutes.

ST. ANN CAGERS—The St. Ann seventh and eighth grade basketball squad will be honored at a father and son banquet Sunday night at St. Ann parish hall. Larry Bishop, Ironwood official, will be the guest speaker and pictures of the Notre Dame-Indiana football game will be shown.

Spilling The Dope

By Charlie Larson

What about the Tigers? That question is ready for answering again by Escanaba area fans. So let's look.

Despite their miserable showing in spring training, Johnny Groth, Vic Wertz and Hoot Evers are to well established as major leaguers to expect they'll flop this year. They are an excellent outfield and Detroit fans hardly need worry about them.

George Kell, Jerry Priddy and Johnny Ligon are not likely to flop at this stage in their careers. The second-short combination, of course, could provide a little harder hitting but their skill in the field is recognized.

.....

That brings us down to first base, catching and pitching, three important question marks.

First base, of course, is a recognized weakness. Failure of the Tigers to land Ferris Fain was a disappointment. Unless they swing a late deal, the Tigers are likely to go limping along at first base, unless 'Rookie' Souchock comes through.

.....

Again the catching department isn't too well set, mainly because of lack of hitting strength. With more chance to play, Joe Ginsberg may provide the surprise here.

That brings us down to the pitching. The loss of Art Houtteman, of course, is a tough blow. Hal Newhouse and Freddie Hutchinson appear to be set for another good season. Perhaps they can improve on last year.

.....

Paul Trout came through magnificently last year. We hope he clicks again this year, although that may be too much to expect. Teddy Gray also probably will come around despite a bad start.

The big question mark, of course, is Virgil Trucks. He was a total loss last year. If he makes a comeback this year, he can take the place of Art Houtteman.

.....

In addition to Trucks, the fate of the Tigers probably will rest on the young shoulders of Billy Hoelt, an 18-year-old pitching sensation from Oshkosh.

It probably is too much to expect that a boy of that age could make the jump from class D to major league ball with only one year of experience. But major leaguers who have seen him in action believe he may be another Bobby Feller and do it. If he does, the Tigers may be tough this year.

If he doesn't, they probably won't finish as well as they did last year. The Tiger relief pitching seems very weak.

At least, that's the way it looks from here.

Augusta Course Beats Experts

Only 2 Golfers Get Scores Under 70

By STERLING SLAPPEY
AUGUSTA, Ga.—(P)—When the Augusta National golf course can't beat a golfer one way, it will try another—and it usually wins in the end.

The National gave a dose of trouble yesterday to every golfer in the 15th Masters tournament except Robert (Skeet) Riegel and Dave Douglas.

Three Close Behind

They were the only golfers to hoot sub-70 rounds on the 6,900-yard, par 72 course. Riegel's 68 won him the lead going into the third round today with a 141 total. Douglas, a lean pro from Newark, Del., shot a 69 for a 143 total and a fifth place tie with three others.

Ranked just behind Riegel are George Fazio, who lead the first round; Ben Hogan, the National pen champion, and Leau Wornham, now making a fine comeback from mediocrity. Their totals are 142.

Tied with Douglas with 143's were Johnny Bulla, Lloyd Mangrum and Sam Snead.

Riegel's 68 would have been a magnificent 66 if he had stayed out of a newly constructed lake in the 12th hole. He took a two-putt par five to add his name to long list of golfers who got into trouble in the same lake and in creek just before the 12th green.

Shots Go In Lake

Fred Haas, jr., of New Orleans took a five, but even that was fair enough compared to Dow Finsterwald's 11. Finsterwald hit four shots into the lake. Dow, of Athens, Ohio, kept firing away to make an 81—not bad when 11

Sports Roundup

By HUGH FULLERTON, JR.

EAST LANSING, Mich. — (P)—A stack of diagrams of football plays lay on Biggie Munn's desk when Roy Simmons dropped in for a visit. . . . That drew a chuckle from Roy, who used to work with Biggie when Munn was head coach at Syracuse. . . . "Biggie used to have a whole drawer full of defenses," he commented. "He was always pulling one out to show it to you." . . . "I still have them," Munn replied, pointing to the desk. "But I'm the offensive coach now. I

strokes were spent on one hole.

Byron Nelson, twice a Masters winner, slumped to a 73 for a ninth-place tie with Joe Kirkwood jr., and Jim Ferrier.

Seventy-four were scored by Snead, Mangrum and Fazio, which tumbled them from their 1-2-3 positions after the first round. Ferrier made a bold comeback from his opening day 74 to score a 70 yesterday for a par 144 total. Ferrier's 144 is matched by Nelson and Joe Kirkwood, jr., who scored a 71.

leave the defenses to Red Dawson and Duff Daugherty." Biggie looked thoughtful for a moment then continued "Last year I didn't think our team would do much. He had lost 24 men from the year before, but the boys really got going together toward the end of the season, and when they weren't scored on in the last three games, I thought they were a real good team." . . . You could see he still was thinking about those defensive diagrams.

Win or Place

Consensus of racing men who saw Larry MacPhail's 'Derby' colt, General Staff, run in Florida is that he hasn't the stamina to go the Derby route. . . . But they're not discounting the former Dodge boss as a smart operator in racing as well as baseball. . . . After one discussion, Pat Lynch concluded: "If MacPhail doesn't win the \$100,000 Derby in his first five years in racing, he'll sell a horse for \$100,000 that won't win the Derby."

Cleaning The Cuff

Proving to an eastern visitor that Michigan is the wild and woolly west, a groundskeeper picking some stones off the Michigan State football practice field Wednesday came up with an Indian arrow head.

NEW LINE — Gorgeous Gussie Moran apparently has recovered from her minor operation. Anyway, the Santa Monica, Calif., miss of lace panties fame makes it clear in Hollywood that she has discarded her short skirt for embroidered white knit briefs. (NEA Photo)

Elks Bowling Tourney Opens

46 Teams Entered In Competition

The Upper Peninsula Elks' 28th annual bowling tournament opens today at the Elks alleys in Escanaba. A total of 46 teams from Elks lodges throughout the peninsula will compete.

The tournament will run through four weekends. Teams from Marquette, Negaunee, Bessemer and Wakefield are scheduled to roll today and tomorrow. Singles and doubles will be run off, as well as the team event.

The tournament was held at Sault Ste. Marie last year.

Softball Meeting Planned Monday

A meeting of the Escanaba Softball association will be held Monday night at Club 314, the city recreation center. Team managers, officers of the association and others interested in softball are asked to attend.

FIGHTS LAST NIGHT

New York (St. Nicholas Arena)—Terry Moore, 160 lb., Baltimore, outpointed Shuck Hunter, 161 lb., Cleveland, 10.
Phoenix, Ariz.—Charlie Salas, 119, Phoenix, outpointed Clifton Lester, 146, Hollywood, Calif., 10.
Hollywood—Willie Bean, 205, Los Angeles, outpointed Pat Comiskey, 225, Paterson, N. J., 10.

Sauer's Bat Helps Put Cubs On Top

(By The Associated Press)

Frankie Frisch is sweet on Sauer—Hank Sauer, that is, the Chicago Cubs' slugging outfielder.

Frisch's Chicagoans head the National league Grapefruit standings today, and Sauer's big home run bat has helped put them there. The Los Angeles gas station owner has connected for seven homers—top mark among major league players.

The only one close to Sauer is the New York Yankees' promising rookie, Mickey Mantle, who has found the range six times.

Here's a list of the leading springtime home hitters:

National League—Hank Sauer, Cubs 7; Ralph Kiner, Pirates 5; George Metkovich, Pirates 5; Wally Westlake, Pirates 5; Wes Westrum, Giants 4; Monte Irvin, Giants 4; Ted Kluszewski, Reds 4; Bob Scheffing, Reds 4.

American League—Mickey Mantle, Yankees 8; Hoot Evers, Tigers 5; Orestes Minoza, Indians 5; Jim Busby, White Sox 4; Al Rosen, Indians 4; Harry Simpson, Indians 4.

As a unit, the Yankees top both leagues with 37 homers. Then comes Pittsburgh, 34, and Cleveland 32. The Detroit Tigers have hit the fewest, seven, and Evers has accounted for five of these.

Evers snapped out of his prolonged batting slump yesterday and blasted three home runs to pace Detroit to an 11 to 0 victory

Canadiens Meet Wings Tonight

One Defeat Needed To Finish Detroit

(By The Associated Press)

The astounding Montreal Canadiens, seeking to pull the "impossible," entertain the Detroit Red Wings tonight in a Stanley cup hockey game that could send the befuddled world champions to the sidelines.

Detroit, as the National league titleholder, was supposed to breeze past the third-place Montrealers—but things haven't gone that way. The fired-up Frenchmen lead the best-of-seven semi-final series, 3-2, and are all set to eliminate the Red Wings.

In the other semi-final series, the Toronto Maple Leafs, leading 2-1 in their best-of-seven series, play host to the Boston Bruins.

Montreal holds a big edge on Detroit, but the Canadiens' skipper, Dick Irvin, is anything but cocky.

"You can't count a team like the Red Wings out until it's all over," he said. "They've got too much power for that. But we'll be ready for 'em tonight."

Montreal's lineup will be intact, Detroit will have two changes. Clare Martin and John Wilson will play while Benny Wolt and Metro Prystai sit. Wolt's performance has left something to be desired. Prystai is suffering from a leg injury.

Odds Against Fifth Title For Michigan; Lacks Passing Aces

ANN ARBOR, Mich.—(P)—Michigan has fielded a championship football team for four straight years. But the odds are piled up against a fifth.

For the formula under which the championship combinations were built appears too difficult to fill this time.

That formula has based completely on the ability to mix equal parts of runner and passer. By combining superb passing with fine running, coach Bennie Oosterbaan, and Fritz Crisler before him, created a complimentary balance that was lethal.

On Crisler's winning 1947 outfit, all-America Bob Chappuis threw with pin-point accuracy, alternating with such slick runners as Chalmers (Bump) Elliott and Jack Weisenburger.

Opposition Fuddled

Since that time, Coach Oosterbaan has had the talented throwing of Chuck Ortmann to play off against the running of Leo Koceski and Don Dufek.

The opposition had to put the edge of emphasis on either the runners of the passer. And it always relieved the pressure a bit on one or the other.

"When you've got two major threats like that," explains the Michigan coach, "you immediately pose a problem to the opposition. They've got to decide which threat they want to stop most. That leaves the other with considerable freedom."

Oosterbaan, however, is clearly talking of the past. He has some runners of considerable ability like the lithe Muskegon heights Negro halfback, Frank Howell.

But Michigan will be hard put to it to replace the throwing of Ortmann.

About the closest Oosterbaan can come at the moment are quarterback Bill Putich and Ted Kress.

Putich added to Michigan's air prowess last season by joining Ortmann in the throwing department. And on occasion, he was moved into the tailback spot as an injury fill-in. Though not at the time a passer of Ortmann's ability, Putich did prove a good thrower and might get the full-time job this season.

Freshmen Slim Hope

Kress was ineligible last season. But the 180-pound Detroit native worked with the reserves, providing opposition in practice for the varsity in lengthy daily fall practices. He gained valuable experience and is rated a good runner and passer.

Development of Kress between now and the opening of the fall campaign would boost Michigan stock considerably.

A desperation hope is that last year's freshman crop or the new freshmen, recently ruled eligible by the western conference, might produce an unheralded thrower of top grade. However, the chances are small and such a candidate would not be likely to have the poise and talent to step right into college ball.

Out for spring vacation next week, the Michigan candidates will return to work April 16 for five weeks of drills.

Price List Totals \$560,000 For ABC St. Paul Tournament

ST. PAUL.—(P)—The American Bowling Congress' 48th annual tournament gets under way here today with a \$560,000 prize list.

The 58-day meeting has drawn 19,334 keglers into competition for singles honors. There are 5,194 five man teams registered, 9,656 doubles entries and 14,241 scheduled in all events.

Everett Leins of Aurora, Ill., is defending singles champion. His 757 last year was the second highest in ABC records.

The Pepsi-Colas of Detroit are slated to defend their team title May 5. In the doubles event, Willie Ebosh and Earl Linsz of Cleveland, try to keep their title May 3.

Thirty thousand mounted birds were given to the Harvard University museum by John Eliot Taylor, collector.

IN MEMORIAM

To the beautiful memory of our dear husband and father, John Kallman, who passed away two years ago today, April 7, 1949.

We miss you so, husband and daddy, dear. It is so lonely since you are not here. How we all loved you, bless your heart, Sad was the day you had to depart.

Badly missed by

WIFE AND CHILDREN.

Battle For Ship Line Has Cabinet Officer On Spot

(Continued from Page One)

U. S. Maritime Commission—since abolished and its functions assigned to the commerce department—took possession of 92 per cent of the common stock of the old Dollar Steamship Line.

Just Pieces of Paper

Litigation began in 1945, and the case has been through the court of appeals here three times, each time reaching the supreme court.

The issue: Did the Dollar interests surrender the stock outright in return for loans of about \$11,000,000 or did they merely pledge it as collateral? The government says it was surrendered without strings. The Dollar people claim it was pledged.

After the Maritime Commission got the stock, American President Lines, Ltd., was created as a Delaware corporation to take over and operate the Dollar Lines. By virtue of control of the stock, the government has been able to dominate the company's affairs, with the Dollar group on the outside.

Certificates for the stock in dispute actually were returned recently to the Dollar interests. But the stock has not been transferred on the company's books, and the Dollar group was not allowed to vote in the recent annual meeting of the company.

Instead of "effective possession," the Dollar interests contend, they have "mere pieces of paper" which do not entitle them to take part in the company's affairs or to get any dividends.

Big Feet Get Marine Out Of Fighting

SEATTLE—(AP)—A Marine was evacuated from the Korean fighting front because of his feet. Not frostbite. They were just too big.

He is Sgt. Charles J. Nelson, 24, of Seattle. He stands six feet, 3 1/2 inches tall and weighs 240 pounds. His feet require size 15 1/2 shoes.

During World War II he was issued six pairs of the oversize shoes in case of emergency. He wore out five pairs. Recalled to active duty last summer, Nelson wore the remaining pair.

But they began to fall apart in the snow during the Seventh Regiment's campaign in the Chosin reservoir area of North Korea. So Nelson switched to gunnysacks. When his commander learned of it he ordered his immediate evacuation until the Philadelphia quartermaster depot could roundup some more 15 1/2s.

Now he's shod again and working in a rear area Korean postoffice, says his wife Joyce.

Red Japanese Troops Massing In Manchuria

NEW YORK—(AP)—The New York Daily News, in a special dispatch from Washington, said Red Japanese troops, amalgamated with the Communist Chinese Manchurian army, are massing on the Korean border in Manchuria.

House Speaker Sam Rayburn interrupted House debate on the draft bill and stated that troops other than Chinese were massing in Manchuria. Rayburn did not identify the troops.

The news said it learned from intelligence sources that he meant Japanese troops captured by the Russians in 1945 and indoctrinated by the Soviets.

(For several years Japanese newspapers have reported a Japanese military force of former war prisoners has been operating with the Chinese Reds.)

About 10,000 of these Jap troops, former members of the Kwangtung army, are grouped in a separate division, the News said.

Welterweight Champ Fights In Detroit

DETROIT—(AP)—Johnny Bratton, who succeeded Sugar Ray Robinson as welterweight champion, will battle Don Williams of Worcester, Mass., in a 10-round non-title fight here at Olympia Stadium April 18.

Bratton, who won the NBA title by beating Charlie Fusari recently, will be making his first Detroit appearance.

The International Boxing club will sponsor the bout, which will be televised and broadcast.

Bratton has scored 24 knock-out wins, 18 decision wins, two draws and 16 losses. Williams scored 32 knockouts, took 18 decisions, and had two draws and five losses.

Gunfire Silenced At Syrian Border

HAIFA, Israel—(AP)—A sab-bath calm fell over the disputed Syrian-Israel border today.

There were no further incidents in area where troops of the two nations have clashed during the past three days. Seven Israeli policemen were reported slain Wednesday by Syrian gunfire and the next day Israel retaliated by bombing Syrian troop positions.

Israeli and neutral circles here think it unlikely the dispute—which revolves around control of demilitarized territory—can be settled at the local level. Yesterday Syria appealed to the United Nations security council to take up the matter.

IT'S A CRYING SHAME—Sen. Estes Kefauver (D. Tenn.), as chief of the Senate crime investigators, sometimes had difficulty getting witnesses to open their mouths. But he has an entirely different problem with his six-month-old daughter, Gail. The baby voices objections to being photographed at home in Washington. The mild-mannered senator ponders whether her constitutional rights are being invaded. (NEA-Acme photo by Staff Photographer Stanley Tretick)

Nickel Coin Wins 105th Steeplechase

AINTREE, England—(AP)—Nickel coin won the 105th running of the Grand National Steeplechase today as the favored American-owned Arctic Gold and other highly-regarded jumpers fell during the grueling four and one-half mile race.

Royal Tan was second in the sensational race, which was run under good weather conditions after early showers and hail.

A total of 36 horses started but Nickel Coin and Royal Tan were the only ones to complete the course without mishap.

Hiss Slander Suit Against Chambers Dismissed In Court

BALTIMORE—(AP)—The \$75,000 libel and slander suit Alger Hiss filed against his accuser, Whittaker Chambers, was dismissed yesterday in federal court.

Hiss now is serving a five-year prison term for perjury after being convicted on charges of lying when he said he never gave secret government papers to Chambers, an admitted former courier for a Communist spy ring.

Hiss, one-time state department official, had charged Chambers with libeling and slandering him in testimony before a Congressional committee, in a radio broadcast and in an interview with a reporter. On those occasions, Chambers said Hiss had given him government secrets to be relayed to Russia when both were Communist party members.

Industrialist Kaiser To Wed Wife's Nurse

OAKLAND—(AP)—Industrialist Henry J. Kaiser plans to marry Miss Alyce Chester, who was chief nurse and companion to his late wife.

They announced yesterday it would be a "quiet family wedding," the place and time will be announced later.

She is 34. He is 68. She was married in 1939 to Max Penovic, a salesman, but resumed her maiden name when they were divorced. She has a six-year-old son.

Kaiser has two grown sons.

No Clues On Missing Lansing 3-Year-Olds

LANSING—(AP)—Police expressed doubt today that two three-year-olds, missing since Wednesday, had drowned in Grand River here.

Three straight days and nights of dragging the river have failed to disclose any clues.

The children, Sheila Klugman and her cousin, Barry Stone, were last seen heading toward the river.

The parents have offered \$2,000 reward for information leading to return of the children. They expressed hope the children might still be alive. There was no evidence, however, to support an abduction theory.

Let us make the fishbowl in which we properly operate as big as the country.—Rep. Jacob L. Javits (R. N. Y.), urging televising of House sessions.

The peace we seek is not simply the absence of war but a sound and free collaboration among nations in a pattern of responsibility based on mutual respect.—Secretary of State Acheson.

Cricket once was banned in England as being detrimental to the practice of archery, according to the Encyclopedia Britannica.

The average city dweller consumes 4.6 pounds of food and liquids, including water, each day.

Williams Learns Weakness Of CIO

(Continued from Page One)

tion for a political party. It would seem that the governor's loyalty to his labor backers has put the Democratic party in a bad spot.

While Williams has not always followed the strict CIO line, he has been extremely sensitive to their likes and dislikes.

Regulars Offended To win labor and keep it, Williams has offended bitterly most of the party regulars. They are laying down on Williams and can be expected to lay down harder as time goes on.

That would not matter, probably, if the CIO could produce for the governor. But it shown again, as in most of its attempts, that it can't be relied upon.

And now, having virtually sold the Democratic party to organized labor, it must be a shock to find the CIO looking like it had not bought anything.

Two years ago August Scholle, state CIO director, came out flatly and said the CIO never again would vote for a Republican, that it was committed heart and soul to the Democratic party. Last week, almost sharing headlines with the G.O.P. state victory, Walter Reuther, UAW-CIO president, made a speech in which he said labor should not tie itself to any one party, that it had most to win by being politically independent.

Where does that leave the Democrats? It would look like even money Reuther doesn't want them.

Compromise Hopes Dim Much of the Democratic regulars' desertion in the last election stems from rumors that Williams intends to appoint a new United States senator, if he gets the chance, from the CIO-ADA branch of the party. Since the regulars have a candidate of their own, this report has them about ready to throw in their hands for good.

One aspect of the Democratic defeat Monday is its effect on governor's budding tax compromise with the Republican legislature.

The signs now are that there will be no compromise.

The G.O.P. lawmakers are mad over Williams' last minute attack on Dr. Lee M. Thurston, state superintendent of public instruction. Rightly or wrongly, they regard the Republican victory Monday as strengthening their hand. They are mad because Williams has refused so far to reappoint Donald B. McLouth to the state conservation commission.

They are in no mood now to compromise, a complete switch from their position of two weeks ago.

It was a costly election.

Helmet Liner Found Marked With Stars Of Missing General

TAEJON, Korea—(AP)—A bullet-pierced helmet-liner bearing the two stars of a major general was found March 29 in the area where Maj. Gen. William F. Dean disappeared in action last July.

The liner carried the Taro leaf insignia of the U. S. 24th division, commanded by Dean when he disappeared.

Search and recovery teams began new search of the area where the liner was found.

General Dean was awarded the medal of honor for his gallantry in the defense of Taejon. Last fall he was reported by Korean sources to have been a prisoner of the Reds, but the report was never confirmed.

The U. N. General Assembly meets in regular annual sessions. The Security Council functions continuously.

South Korean Corps Commander Missing

U. S. EIGHTH ARMY HEADQUARTERS IN KOREA—(AP)—Maj. Gen. Kim Paik Il, commander of the South Korean First Corps, has been missing in action since March 28 and probably was killed in an airplane accident.

The South Korean department of national defense said today Kim last was seen after a front line conference with Lt. Gen. Matthew B. Ridgeway, commander of the U. S. Eighth Army. He left in a light plane. United Nations planes have failed to locate the missing aircraft.

Livestock Industry Foresees Rationing Of Meat In 6 Months

WASHINGTON—(AP)—Representatives of the livestock industry reportedly say the present price controls will bring on meat rationing within six months.

Their prediction was reported following a closed meeting with mobilization officials yesterday. Economic Stabilizer Eric Johnston was understood to have argued that without the meat price controls the economy cannot be stabilized.

In other stabilization developments yesterday, the Bureau of Labor Statistics reported that wholesale prices fell off 0.3 per cent, overall, in the week ending April 3.

The government set a ceiling of \$65 for a short ton unit of Tungsten concentrates. A further cut in the use of tin drastically slashed the amount available for such things as beer cans. A 35 per cent cut was ordered in the use of aluminum on cosmetics, wine and liquor containers.

The House approved a bill to suspend import duties on copper until Feb. 15, 1953.

Father Gets Prison For Beating Up Baby

ATLANTA—(AP)—A 265-pound father has been sentenced to 30 months imprisonment for cruel mistreatment of his 16-month-old son.

W. T. Moody, 33-year-old truck driver, pleaded guilty yesterday before Fulton county criminal court Judge John S. McClelland. He also admitted beating his wife and mistreating another of their six children after a drinking bout Sunday night.

Witnesses testified Moody hurled his son against a wall with such force that the infant's head tore a hole in the wall.

Dow Warehouse Has Spectacular Blaze

MIDLAND, Mich.—(AP)—A spectacular fire raged for an hour in a Dow Chemical Co. warehouse last night before firemen from three cities got it under control.

Thousands of spectators were attracted by the flames and smoke which billowed 300 feet into the air. The warehouse is well removed from other Dow buildings containing explosives and danger was limited. There was heavy loss to plastic materials and equipment.

Scientists now are convinced that they can see the thing that gives you a cold, or flu, or infantile paralysis, or other virus-caused disease. Using electron microscopes, they have been seeing particles which were believed to be viruses.

It seems the minute a girl gets hungry she gets extra beautiful. (Maybe) it's because they love to eat and their faces glow with anticipation.—Leo Tover, movie cameraman.

College Student Deferment Plan Causes Dilemma

(Continued from Page One)

that it was too "all-inclusive." Educators, while admitting drawbacks to the plan, generally gave favorable opinions. For instance, President John A. Hannah of Michigan State college declared:

"I do not see how anyone who understands the plan to defer college students from military service temporarily can quarrel with the objective, which is to give the nation the benefit of more adequately trained manpower."

"Such criticisms as I have heard seemed to be based on the mistaken notion that somehow college men are to be treated better than those who do not or can not go to college."

"The obligation to serve and the length of service remain the same for everyone; the only difference is that the college man will have to give his service later when it will be more valuable to the nation."

"I consider the deferment plan to be sound and sensible."

Tests Criticized

At the University of Michigan, Walter B. Rea, associate dean of students, said that he was not "too keen" on the aptitude test phase of the plan.

Dean Rea applauded, however, "recognition of the principle that ideas instead of arms may be of paramount importance to the country in the long run."

But Prof. Irving H. Anderson of the U of M school of education objected to the plan, saying that "we have a war to win," and "all age groups should be equally subject to the draft." He, too, criticized the aptitude tests as a means of selection.

Student reaction to the plan generally appeared favorable, although some men expressed a dislike for being put "in the middle."

At Flint, students polled said they think it will be easier to plan courses, and also will help qualify for scholarships.

Michigan State college students were represented as favoring the plan and resenting any inference that college students were getting preferential treatment.

Steve Bransdorfer, Lansing senior and manager of the college newspaper, declared:

"In regards to the test setting up an aristocracy of the intellect while the 'peasants' go to war, I don't feel that will occur. If passing a test means college and no army, there will be a lot more boys working their way through college."

Atlanta Contractor Arrested As Son, 5, Gets Drunk In Home

ATLANTA—(AP)—A 38-year-old contractor has been bound over to criminal court on charges of contributing to the delinquency of his five-year-old son, found staggering drunk by police.

Bond was set yesterday for Herbert Roden at \$500 by juvenile court Judge W. W. Woolfolk.

Police Sgt. W. D. Anderson said the child was "reeling about the house with a half-filled bottle of corn whiskey under his arm."

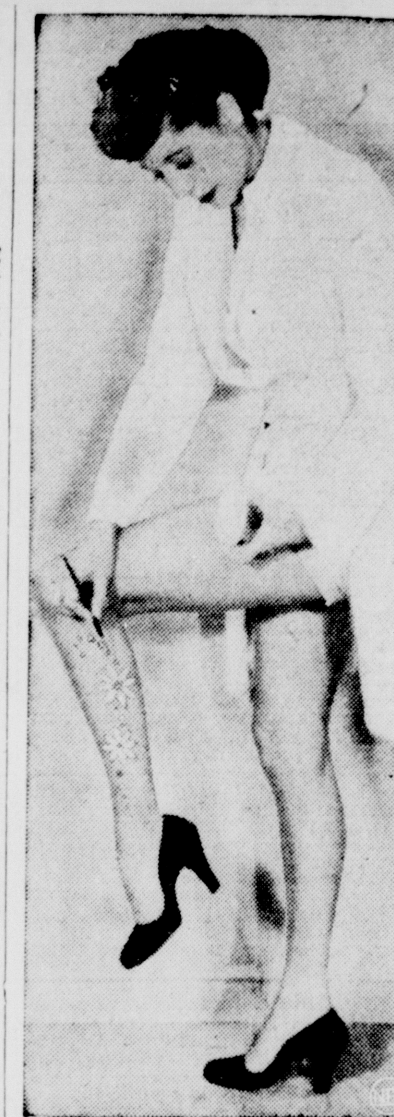

Anderson said the child told him his father gave him the whiskey. Roden denied this. He said he could not remember exactly what happened before he was arrested Thursday.

"I must have been drunk," he told the court.

Increase In Driver's License Fee Will Be Debated In Lansing

LANSING—(AP)—A plan to raise the drivers' license fee in Michigan emerged without warning yesterday from the Senate highway committee.

It ran into immediate opposition and was held for debate Wednesday, with indications that it will not pass.

The proposal was to increase the drivers' license fee from \$1.25 to \$2.00 and the chauffeur's license from \$2.00 to \$3.00. The licenses are good for three years.

The fee now brings in about \$1,700,000. The raise would produce about \$750,000 more a year.

Senator Haskell L. Nichols (R-Jackson), chairman of the committee which attached the proposal to a minor bill, said it was suggested by the "agency which collects the fee"—presumably the secretary of state's office.

Beaver Island Ferry Route Opened In Ice

BEAVER ISLAND, Mich.—(AP)—The route to Beaver Island is open again.

The ferry North Shore bucked ice floes yesterday in making the first trip of the spring to the big island out in Lake Michigan.

The ship carried eight tons of seeds, five tons of groceries and a ton of hay.

During the winter, the island's 300 residents rely upon plane service for communication with the mainland.

This service ceased April 1, and from now on, the ferry will make regular trips.

it's Fun Night at the COLONIAL HOTEL'S Beautiful Picture Bar TONIGHT Swede and Johnny will be giving out the music. Don't forget, we serve your favorite sandwich and french fries all night.

Science Gives More Chickens And Pork With Wonder Drugs

By ROBERT E. GEIGER WASHINGTON—(AP)—Scientists now say they can do what politicians have been promising since Adam—produce more chickens for every pot.

They also say they can make a few extra pork chops for every frying pan.

They propose to pull these out of a feed sack, not a top hat. Minute quantities of the new so-called "wonder drugs" like aureomycin and penicillin are added to the feeds.

In some cases this has caused animals to gain weight more than twice as fast as brothers or sisters fed only ordinary rations.

Scientists don't know exactly why this is so, the discovery is so recent. But already the "wonder drugs"—mostly aureomycin—are being added to a wide variety of poultry and live stock feeds sold commercially.

No Help To Cows A group of scientists at the Lederle laboratories division of the American Cyanamid Co., where some of the experimental and other work was done, predict:

1. If aureomycin was added to the feed of all the pigs in the United States it could increase the nation's pork supply about 20 per cent. That's about 2,000,000,000 pounds a year, equal to about 8,000,000,000 pork chops. And that's about 200 more pork chops for every U. S. family.

2. If aureomycin was added to all chicken feed it could increase the chicken supply by as much as 15 per cent, or around 600,000,000 pounds a year. That's equal to around 200,000,000 more three-pound stewing hens—about five more chickens for every family's pot.

Chickens and pigs seem to grow faster when aureomycin is added to their diets, but it also has helped turkeys, calves, rabbits, mink, pigeons and dogs. It helps the cud-chewing animals like full grown cattle the least, or none at all. Some even lose weight.
